

International Conference
on Integrated Care
23–25th May 2018
Utrecht, Netherlands

Value for People and Populations: Investing in Integrated Care

COLOUR CODE

- **Theme 1. Value-based integrated care**
- **Theme 2. Population health management**
- **Theme 3. Engaging and Empowering People and Communities**
- **Theme 4. Funding Integrated Care**
- **Theme 5. Vulnerable Populations and Populations at Risk**
- **Theme 6. Primary Care in an Integrated System**
- **Cross-cutting Theme: Education & Training *in association with the Integrated Care Academy***
- **Cross-cutting Theme: How to design and implement integrated care *in association with the European Commission***
- **International Journal of Integrated Care (IJIC)**

* Denotes that paper or poster has been selected for Best Paper/Best Poster Award

** Nominated by two reviewers

SIG = Special Interest Group as part of the IFIC Members Network

Wednesday, 23 May 2018

7:30	Registration, exhibition, posters and networking				
9.00 – 10.30	Opening ceremony and PLENARY 1: Changing the system's perspective on health				
	<p>An international movement for change Dr Nick Goodwin, CEO, International Foundation for Integrated Care (IFIC) Dr Albert Alonso, Chair, International Foundation for Integrated Care (IFIC)</p> <p>Chaired by Henk Smid, Director of the National Research Institute, ZonMw, The Netherlands</p> <p>Welcome address Representative of the Ministry for Health (TBC)</p> <p>The Dutch integration story Prof Dr Mirella Minkman, Director of Research and Innovation, Vilans, the Netherlands Centre of Expertise for Long-Term Care & Vice-Chair and Secretary, International Foundation for Integrated Care (IFIC) Prof Dr Henk Nies, Member of the Executive Board, Vilans, the Netherlands Centre of Expertise for Long-Term Care</p> <p>The power of positive health Machteld Huber, Director, Institute for Positive Health (iPH)</p>				
10.30 – 11.00	Refreshments, exhibition, posters and networking				
11.00 – 12.30	PARALLEL SESSIONS 1				
1.A Technology supporting integrated care	1.B The Implementation Room: Financing and contractual models	1.C Using Patient Perspectives as guiding principles	1.D Preventing Frailty (Workstream organised by JA AdvantAge)	1.E How data enables integrated care – Part 1	1.F Workshop: Integrating health and social care in collaboration with SIG Health and Social Care

<p>Chaired by</p> <p>365 We have a TIP for You! - Serving Complex Patients through Telemedicine IMPACT PLUS (TIP) Case Conferences* Dr Jocelyn Elizabeth Charles, Toronto Central Local Health Integration Network, CA</p> <p>418 A social robot to support integrated person-centered care Dr Henk Herman Nap, Vilans, NL</p> <p>279 - Assessment of usability and viability in clinical practice of the Nabelia mHealthCare Platform to support integrated care management of patients with pulmonary hypertension Dr Albert Alonso, Hospital Clinic Barcelona, ES</p> <p>443 Management of personalised guideline-driven care plans addressing the needs of multi-morbidity via clinical decision support services Dr. Gokce Banu Laleci Erturkmen, SRDC Software Research Development and Consultancy Corp, TR</p>	<p>Chaired by Loukianos Gatzoulis, European Commission, DG SANTE</p> <p>Financing and payment models, examples from Project SELFIE Apostolos Tsiachristas, HERC, Oxford University, UK</p> <p>Contracting models in Integrated Care (ACOs, alliance etc.) Ben Collins, The King's Fund, UK</p>	<p>Chaired by</p> <p>217 Healthcare quality for people with Down Syndrome: the patient perspective* Francine van den Driessen Mareeuw, Tilburg University / Jeroen Bosch Hospital, NL</p> <p>204 Patient Experiences of Care from Multi-Speciality Community Providers: Findings from a Realist Synthesis of International Evidence Dr Helen Lloyd, PenCLAHRC, UK</p> <p>447 Patient perspectives on transitions into and out of the acute hospital setting: Lessons from Ireland's first national patient experience survey (oral poster) Dr Conor Seán Foley, Health Information and Quality Authority, IE</p> <p>470 Listening to the citizens and building health care of the future Thea Syse, Odense University Hospital, DK</p> <p>438 Improving Patient-Provider Partnerships</p>	<p>Chaired by</p> <p>173 Improving access to quality services for vulnerable older people in Kyrgyzstan through engaging volunteers and establishing self-help groups Aidai Erikova, Red Crescent Society of Kyrgyzstan, KG</p> <p>376 Reversibility of nosocomial disability in hospitalized elderly patients through an individualized multicomponent exercise program: a randomized controlled trial* Dr Nicolas Martínez-Velilla, Servicio Navarro de Salud-Osasunbidea, ES</p> <p>329 Early Detection of Malnutrition in Community Dwelling Older People, an Evidence Based Integrated Care Approach (oral poster) Dr Roelof Ettema, University of Applied Sciences Utrecht / University Utrecht, NL</p> <p>486 Impact of a nurse-led health promotion intervention in an aging population: Results from Community Health</p>	<p>Chaired by Nicole Denjoy, COCIR</p> <p>542 - Integrated care: only possible with the support of technology? * Dr Henk Herman Nap, Vilans, NL</p> <p>205 - The Adjusted Morbidity Groups: a new stratification tool for risk assessment David Monterde, Catalan Institute for the Health, ES</p> <p>196 Social Determinants of Health Composite Index (oral poster) Dr Eran Simhon, Philips, US</p> <p>453 Avoidable emergency admissions for ambulatory care sensitive conditions in the Republic of Ireland: analysis of regional determinants (oral poster) Brenda Marie Lynch, University College Cork, IE</p> <p>113 Characteristics and Health Care Use Of High-Cost Patients In Seven Countries (oral poster) Dr Marit Tanke, Radboudumc / Harvard T.H. Chan School of Public Health, NL</p>	<p>Chaired by</p> <p>247 Integrating Health and Social Care SIG - Part 1: Establishing a Special Interest Group + 246 Integrating Health and Social Care SIG - Part 2: The Healthy Homes and Neighbourhoods Integrated Care Initiative Prof John Eastwood, Sydney Local Health District, AU</p> <p>249 - Providing integrated health and social care to vulnerable populations in the community Chantal Leemrijse, NIVEL, Netherlands institute for health services research, NL</p> <p>534 'An exploration of models of care coordination to meet the needs of families requiring health and social care in Sydney, Australia' Kristy Allworth, Sydney Local Health District, AU</p>
--	--	---	--	---	---

<p>499 Assessing Factors that Influence the Implementation of Technologies Enabling Integrated Care Delivery for Older Adults with Complex Needs: A Systematic Review* (oral poster) Mudathira Kadu, University of Toronto, CA</p> <p>495 Synergy of patients and health professional in successful implementation of digital health tools (oral poster) Prof Mirjam Ekstedt, Linnaeus University, SE</p>		<p>across the Healthcare System Dr Jacobi Elliott, University of Waterloo, CA (oral poster)</p>	<p>Consultation Offices for Seniors Anne Esther Marcus-Varwijk, Hogeschool Windesheim, Rijksuniversiteit Groningen, NL</p> <p>456 Role of the elderly volunteers in integrated care (oral poster) Sviatlana Anatsko, Belarus Red Cross Society</p> <p>382 Community elderly care enhances quality of life for peers (oral poster) Amela Fočić, Swiss Red Cross, BA</p>	<p>289 A risk score of BMI, HbA1c and triglycerides predicts future glycaemic control in type 2 diabetes (oral poster) D.F.L. Hertruijs, Maastricht University, NL</p> <p>370 Patient Value Measurement and Improvement using the Steps of Systematic Improvement (SOSI) in Yishun Health (oral poster) Naiying Liu, Khoo Teck Puat Hospital, SG</p>	
<p>1.G Workshop: Population Health Management: Are Existing Tools Fit for Purpose? (504) in collaboration with SIG Population Health Management</p>	<p>1.H Case management and care coordination</p>	<p>1.I Integrated health and social care for people with dementia and their informal caregivers, research results (564)</p>	<p>1.J Keynote Workshop 2: Creating networks of care in the Netherlands 557 Innovation of the governance of integrated care</p>	<p>1.K Economic evaluations</p>	
<p>ROOM</p>			<p>ROOM</p>		
<p>Chaired by Dr Oliver Gröne, OptiMedis AG and Dr Nicholas Hicks, Cobic</p>	<p>Chaired by Anneli Hujala, UEF, FI</p> <p>275 Social and economic impact of a case management approach for people with rare and complex conditions in Salaj, Romania* Dr Vibeke Sparring, Karolinska Institutet, SE</p>	<p>Chaired by Marjolein Scholten, ZonMw</p> <p>498 Opportunities and challenges to enhance the social network of home-dwelling people with dementia and their family carers</p>	<p>Chaired by Mirella Minkman, Vilans & International Foundation for Integrated Care (IFIC)</p> <p>258 Caring in networks: a future direction (oral poster) Mark Tiemessen, Radboudumc / ParkinsonNet, NL</p>	<p>Chaired by Robbert Huijsman, Vilans</p> <p>516 Critical Appraisal of the Quality of Economic Evaluations in Integrated Care: Evidence from a Systematic Review* Mudathira Kadu, University of Toronto, CA</p> <p>433 'Evaluating an integrated care programme for frail elderly using Multi-Criteria Decision Analysis. The design of a case study in SELFIE'</p>	

	<p>489 Impact on the use of services and quality of life of a continuity of care unit for multi-pathological patients Ana Perez, Osakidetza, Basque Country, ES</p> <p>372 Care coordination for vulnerable families in the Sydney Local Health District: what works for whom, in what circumstances, and why? Suzannah Dewhurst, Sydney Local Health District, AU</p> <p>531 Admiral Nursing: case management for families affected by dementia Dr Karen Harrison Dening, Dementia UK and Admiral Nursing, UK</p> <p>540 The challenge of multimorbidity: A qualitative study of general practitioners' management of patients with multimorbidity (oral poster) Lisbeth Ørtenblad, DEFACTUM, DK</p> <p>131 Navigation & Case Management Supporting General Practices in the Eastern Bay of Plenty, New Zealand (oral poster)*</p>	<p>Dr J.H. Groenewoud, Rotterdam University of Applied Sciences, NL</p>	<p>273 Longitudinal multiple case study on effectiveness of network-based dementia care towards more integration, quality of care, and collaboration in primary care* Minke Nieuwboer, Radboudumc, NL</p> <p>537 Improving the Cancer Journey: A Collaborative Model of Integrated Care in a Community Setting* Fiona Smith, Macmillan Cancer Support, UK</p> <p>368 Evaluation of an Integrated Dementia Care Network in the Northern part of Singapore Milawaty Nurjono, National University of Singapore, SG</p>	<p>Maaïke Hoedemakers, Erasmus University Rotterdam, NL</p> <p>517 - Medical Cost Savings After One Year of Integrated Behavioral Health Services in a Rural Pediatric Primary Care Clinic Dr Andrew Cook, University of Michigan, US</p> <p>525 Building an integrated system of urological care: the case of Russian regions Dr Igor Sheiman, National Research University -High School of Economics, RU</p>

Closing ceremony:

Conference overview

Dr Jeroen Struijs, Senior Researcher, National Institute of Public Health and the Environment (RIVM)

Introduction to ICIC19, San Sebastien, Basque 1-3 April 2019

Koldo Piñera Elorriaga, Basque Foundation for Health Innovation and Research, Bilbao BIOEF

Closing comments

Dr Nick Goodwin, CEO, International Foundation for Integrated Care (IFIC)

Poster Display Only (no oral presentation time allowed)

Theme 1. Value-based integrated care

- 100 Difficulties in providing Palliative Care in rural India (West Bengal) – Experience of an NGO, Aditya Manna, Narikeldaha Prayas, IN
- 125 Transversal approach of the pain from a Pain Unit in the Basque Country, Dr Enrique Barez, Osakidetza, ES
- 141 Optimal Nurse Staffing and Scheduling for Emergency Departments, Dr Reza Sharifi Sedeh, Philips Research North America, US
- 175 Dynamics of sustainable integration of health and social care: A 20-year case study, Charlotte Klinga, Karolinska Institutet, SE
- 192 Early detection of metastatic colorectal cancer patients who could benefit from specialist palliative care: a prediction model, Miraja Jovi, Spaarne Gasthuis, NL
- 193 Translating and Adapting the Patient Perception of Integrated Care Survey to Evaluate Integrated Care in Brazil: Preliminary Results, Prof Ed Wilson Vieira, Universidade Federal de Minas Gerais (UFMG), BR
- 194 Interprofessional collaboration among care professionals in obstetrical care: are perceptions aligned? Anita Romijn, VUmc, NL
- 195 An ehealth application for the management of obstetric care, Dr Karlijn van Stralen, Spaarne Gasthuis, NL
- 120 Modular approach in managing and organising integrated care in the system-wide reform of social and health care in Finland, Dr Juha Koivisto, National Institute for Health and Welfare, FI
- 210 How can patient empowerment be integrated into change management while scaling-up an integrated care program? Violeta Gaveikaite, Aristotle University of Thessaloniki, GR and Philips research, NL
- 214 Integrated Care for High Risk Surgical Patients – Before, During and After, Dr Rachelle Kaye, Assuta Medical Centers, IL
- 228 Reduction in Specialist Outpatient Clinic Visits with an Integrated Care Programme for Frequent Admitters in Singapore, Dr Ian Yi Han Ang, NUHS, SG
- 234 Scaling-up strategies of integrated care initiatives: a systematic literature review, Liset Grooten, Vrije Universiteit Brussel, BE
- 244 Realist Research Design and Evaluation for Integrated Care (RIC) SIG - Part 1: Establishing a Special Interest Group, Prof John Eastwood, Sydney Local Health District, AU
- 274 Is there a place for the Mayo Model of Integrated Clinical Care in the English NHS? Jonathan Erskine, JECR, UK
- 277 Embedding the patient during a service improvement programme in a healthcare system. Making beds in the NHS. Thomas Edward Thompson, University of Chichester, UK
- 287 Social decision making in integrated care: Applying the Motivated Information Processing in Groups (MIP-G) model to integrative decision making in the context of care, Prof Bianca Beersma, Vrije Universiteit, NL
- 298 How do various 'tribes' in hospitals describe hospitality? The impact of ambiguous connotation hospitality on the success of hospitality programs, Dr Angelique Lombarts, Hotelschool The Hague, NL

- 300 How to evaluate a Nationwide Whole System Change in Health Care towards Integrated Care for people with Chronic Conditions? Part I: the co-construction of an evaluation framework, Prof Jean Macq, Universite Catholique de Louvain, BE
- 318 An environmental approach to frailty management: needs of older people to age in place, Dr Emily Verté, Vrije Universiteit Brussel, BE
- 328 Prevent Skin Cancer in the Society, an Evidence Based Integrated Care Approach, Dr Roelof Ettema, University of Applied Sciences Utrecht / University Utrecht, NL
- 332 Social network analysis for modelling integrated social care services for older people with complex needs: a feasibility study, Dr Alison Orrell, Bangor University, UK
- 335 Computer simulation as a methodology for theoretical learning of clinical skills in nursing, Alejandro Vicente Villalba, Escola Universitària d'Infermeria Gimbernat, ES
- 381 Strengthening the evidence-base of integrated care for people with multi-morbidity in Europe using Multi-Criteria Decision Analyses (MCDA), Prof Maureen Rutten- van Molken, Erasmus University Rotterdam, NL

- 401 The feasibilities and practicalities of the integrated working journey: exploring the development and implementation of a whole population approach to delivering patient-centred care within the United Kingdom, Anna Thomson, University of Lincoln, UK
- 408 "Joining up the dots": Integrated care as an element of the Andalusian public health strategy, Dr Arturo Alvarez Rosete, NewHealth Foundation, ES
- 437 The effect of perceived discrimination on the health status of immigrant population in Spain (Valencia), Alejandro Gil-Salmerón, Polibienestar Research Institute, ES
- 478 Risk stratification using register data from specialist, primary and social care, Prof Aslak Steinsbekk, NTNU, NO
- 523 Lessons learnt from the challenges of matching risk stratification with care models when comorbidities lead the care plan, Prof Verdiana Morando, SDA Bocconi, Bocconi University, IT
- 524 Can Integrated Practice Units work without the set-up of Accountable Care Organisations? Lessons learnt from the Breast Units' experiences in Italian NHS, Prof Verdiana Morando, SDA Bocconi, Bocconi University, IT
- 559 Risk stratification and characterisation of subpopulations of frail elderly in the primary care practice using routine healthcare data, Dr Nina Daha, Leiden University Medical Center, NL

Theme 3. Engaging and Empowering People and Communities

- 103 Healthy Living: when engaging people makes a difference. Evidences from an experiment with teenagers in Tuscany, Dr Sabina De Rosis, Scuola Superiore Sant'Anna, IT
- 145 Exploring working relationships between primary care and directly employed home care workers, Joanna Mary Moriarty, King's College London, UK
- 314 Creating Age-Friendly Communities using a participatory approach, Livia Golovatii, "CASMED" NGO, MD
- 331 UGL - University for the Aged - A social preventive health care initiative, Tony Gerard Verkamer, Foundation Chinese Yang sheng and TCM, NL
- 431 IEXPAC, a tool to assess patient experience, Koldo Pinera Elorriaga, BIOEF, ES
- 513 Promoting the women's health literacy and their access to maternal-care-pathway in Italy through an integrated mHealth intervention, Dr Manila Bonciani, Sant'Anna School of Advanced Studies, Pisa, IT

167 Integrated Community Case Management of Childhood Illness: A Contextual Examination of Community Healthcare Delivery in Benue State Nigeria, Dr Abdulmumuni Samuel Aliyu, Gombe State Ministry of Health, NG

459 Co-designing an Integrated Care Pathway for Children and Families with a Neuromuscular Disorder in Ireland, Margaret Rafferty, HSE, IE

133 How do older people achieve well-being? Prof Anna Petra Nieboer, Erasmus University Rotterdam, NL

159 Enhancing Adolescent Wellbeing Through Practice of Yoganidra: A Promising Approach for Positive Health, Dr Smruti Bhalendu Vaishnav, H.M Patel Centre for Medical Care and Education, IN

165 'The integration and training of the concept of Positive Health among health and social care professionals in an integrated community approach' – defining the facilitators and barriers, Sanneke Grootjans, Maastricht University, NL

211 'Feeling heard': why the development of narrative is key to person centred care and coordination, Debra Westlake, Plymouth University, UK

307 Strategic collaboration and service user participation in mental health – what to negotiate? Linda Mossberg, University West, SE

315 Facilitators and Barriers to Self-Management of Tuberculosis Patients: A Qualitative Study, Ritzmond Fainsan Loa (University of Santo Tomas, PH

323 Towards a new care paradigm: the development of the INclusive CARE framework, Dr Emily Verté, Vrije Universiteit Brussel, BE

326 Can Nursing Students Gain Person-Centred Skills while Supporting Citizen Contacts to use the Internet for Health? Toni Page, University of Plymouth, UK

391 Building a narrative for compassionate communities: the case of Getxo Zurekin, Maider Urtaran, University of Deusto, ES

460 A new infrastructure for patient empowerment through Family Integrated Obstetric and Neonatal Healthcare in Single Family Rooms. A case stud, Mireille Stelwagen, OLVG, NL

466 Age-Friendly Basque Country: Actions for promote dementia friendly communities

Theme 4. Funding Integrated Care

101 Difficulties to Provide Palliative Care in West Bengal, India, Aditya Manna, Narikeldaha Prayas, IN

Theme 5. Vulnerable Populations and Populations at Risk

102 The importance of broader self-management abilities in addition to health behaviours for physical health, depressive symptoms, and overall well-being among older Turkish immigrants, Dr Jane Murray Cramm, Erasmus University Rotterdam, NL

158 Code Krishna: An Innovative Practice Respecting Death, Dying and Beyond

197 Value based health care for the frail elderly patient with a hip fracture, Dr Karlijn van Stralen, Spaarne Gasthuis, NL

203 A coordinated and integrated approach to tackling childhood overweight and obesity, Dr Kyra Sim, Sydney Local Health District, AU

- 202 Child and Adolescent Health Pathways study: a pragmatic implementation study, Dr Kyra Sim, Sydney Local Health District, AU
- 233 The relevance of professional-patient interactions in progress notes. A focus group study with mental health staff in inpatient psychiatry, Kjellaug Klock Myklebust, Molde University College, NO
- 238 A national model of care for children: Integrated implementation- the opportunities and the challenges, Grace Turner, Health Service Executive, IE
- 263 Preventing wound reoccurrence using compression garments in vulnerable populations: What does the literature say about modified compression and its application? Yvonne Dyan Pennisi, University College Cork, IE
- 286 Experiences of health services among patients with chronic conditions, Anna-Mari Aalto, National Institution for Health and Welfare, FI
- 241 Integrating Care for Children Young People and Their Families SIG - Part 2: Service Policy and System Approaches, Prof John Eastwood, Sydney Local Health District, AU
- 344 Re-designing the integrated care program for Asylum Seekers in the Netherlands, Ferdy Pluck, GGz Centraal/Hogeschool Utrecht, NL
- 345 There is no health without integrated oral health, Sonja Kuipers, NHL/Stenden University of applied sciences, NL
- 360 Living in Rural and Remote Australia: Health care impacts for children with medical complexity and their families, Christie Breen, Sydney Children's Hospital Network, AU
- 362 Descriptive Epidemiology of Triply Diagnosed Adolescents in the Mexico-United States Border: A Vulnerable Population, Dr Eron Grant Manusov, University of Texas Rio Grande Valley, US
- 363 Reconciling Incommensurate World Health Views and Explanatory Models of Mental Illness: A New Model of Integrated Mental Health Care for Culturally Diverse Populations, Prof Christopher Kewley, University of Newcastle, Australia, AU
- 396 The Healthy Homes and Neighbourhoods Integrated Care Initiative, Erin Miller, Sydney Local Health District, AU
- 400 Designing a population-based approach to integrated end of life care on a small island, Dr Giovanna Cruz, Hospice Isle of Man, UK
- 450 Are people with mental disorders excluded from work and from active labour market programs? Magne Bråthen, Oslo and Akershus University College of Applied Sciences (HiOA), NO
- 462 Managing the Elephant in the Room: What Home Health Care Nurses Do (and Don't Do) to Support Productive Interaction, Dr Dianne Veronica Liebel, University Of Rochester, US
- 493 Tackling the care crisis in PD in East-Saxony, Germany – #Improve diagnosis and therapy in Parkinson's disease #Telemedicine-based care management #Intersectoral and interdisciplinary collaboration #Cost containment and quality improvement, Dunia Krüger, MARs Market Access & Pricing Strategy GmbH, DE
- 500 Implementation of a stepwise intervention for pain and challenging behaviour in dementia (STA OP!): a process evaluation, Marjoleine Pieper, LUMC, NL

501 Stratification and characterisation of complex medico-psychosocial conditions at primary health care level in Eastern DR Congo: methodological approaches, Dr. Espoir Bwenge Malembaka, Université Catholique de Bukavu, CD

514 The importance of the working alliance between parent and professional during a short-term attachment-based video-feedback early intervention program (VIPP-V), Dr Paula Sterkenburg, Bartimeus, NL

544 An Integrated Approach to Chronic Pain & Opiate Use Disorder, Dr Jared DuPree, Southwest Healing & Wellness/Dixie State University, US

Theme 6. Primary Care in an Integrated System

134 Exit versus Voice: Competition and Dissatisfied Patients' Responses to General Practitioners, Tigist Woldetsadik Sommeno, Uio, NO

148 Integrating Health Care in Care. Our experience in OSI Donostialdea, Sara Arévalo Lobera, OSI Donostialdea, ES

149 Implementation of innovative integrated models of Community-based Primary Healthcare (CBPHC) in Denmark (iCoachDK) – a study protocol, Dr Viola Burau, Aarhus University, DK

152 Developing citizen advocacy for adults with intellectual disability, Prof Amanda Phelan, University College Dublin, IE

153 Challenges in care co-ordination: missed care in community nursing, Prof. Amanda Phelan, University College Dublin, IE

154 Fit after stroke, Ernst Evenhuis, VUmc, NL

163 Social Prescribing: Implementation and delivery, Julia Pescheny, University of Bedfordshire, UK

186 Meaningful post-discharge primary care visits and readmissions: Are primary care post discharge explanations associated with reduced risk for readmission? Nosaiba Rayan-Gharra, University of Haifa, IL

201 Professional Experience in an Integrated Care Model, Dr Ana Miquel Gómez, Servicio Madrileño de Salud, ES

216 Multi-professional collaboration in primary care: A scoping review of Norwegian experiences, Monica Sørensen, OsloMet University, Faculty of Health Sciences, NO

219 Various views of the same elephant: crossing perceptions of key actors on an integrated local health network for older adults, Prof. Mylaine Breton, Université de Sherbrooke, CA

221 dental services in rural Ireland; potential for health service integration, Dr Lucy White, HSE Ireland, IE

248 Population-based approach and integration of services: their relationship to the territory in the context of Québec's integrative reforms, Dr Yves Couturier, University of Sherbrooke, CA

257 The role of the general practitioner in multidisciplinary teams: a qualitative study in elderly care, Sietske Grol, Radboud University Medical Center, NL

- 276 Redesign of the Services of attention to the Chronic Patients According to their Stratification, Elena Bartolome Beniito, Servicio Madrilen0 De Salud, ES
- 299 Partnership to Health Pathways, Dr Veronica E Gonzalez-Arce, South Western Sydney Local Health District, AU
- 305 Clinic for Multimorbidity, Dr Charlotte Weiling Appel, Silkeborg Regional Hospital, DK
- 306 Patients' perceptions of Continuity of care between Primary Care Physicians and Emergency departments in Belgium: a cross-sectional survey, Marlène Karam, Catholic University of Louvain, BE
- 325 Norwegian municipal rehabilitation services in transition, Grete Dagsvik, Kristiansand Municipality, NO
- 346 Bridging the gap from theoretical framework to practical implementation: the integrated primary care house, Dr. Jean-Pierre Hoengenaert, VZW HET EERSTELIJNSHUIS, BE
- 357 Navigating the healthcare neighbourhood: Reframing care around the patient and their primary care 'home', Rhiannon Beck, Agency for Clinical Innovation, AU
- 367 Transforming telehealth through enhanced General Practices partnerships, Dr Veronica E Gonzalez-Arce, South Western Sydney Local Health District, AU
- 388 Experiences of community-based Clinical Nurse Specialists in supporting the delivery of integrated diabetes care: A qualitative study, Fiona Riordan, University College Cork, IE
- 393 Development and Implementation of Core Competencies for Integrated Care Community Health Teams: a UK experience, Dr. Sarah Eales, Bournemouth University, UK
- 399 Evaluation of the referral system "Ehalati" from physicians' perspective in Primary Health Care centres in Saudi Arabia, Mohammed Senitan, University of Sydney, AU
- 402 Investing in integrated care education in health and social care. Development of a framework to facilitate education and reflection on integrated care in primary and community care, Leen Van Landschoot, University College Ghent, BE
- 404 The public telecare service in the Basque Country, Koldo Pinera Elorriaga, BIOEF, ES
- 407 Crossing borders towards Integrated Care, Maria Bos, Franciscus Gasthuis & Vlietland, NL
- 413 Using a new matrix to describe real-life integrated care innovation for older persons in primary care, Antonius Poot, Leiden University Medical Center, NL
- 417 Organizational and Care Model Analysis for C3-Cloud Deployment Preparation, Dr. Dolores Verdoy, Kronikgune, DE
- 429 Advanced Nurse Practitioners impact across Primary Care, Joanne Jenkins, NHS Lanarkshire, UK
- 446 Development of a checklist for ensuring the successful implementation of integrated care pathways, Elena Urizar, Deusto Business School Health, University of Deusto, ES
- 480 The development of Patient Centred Medical Homes in the Italian NHS: an empirical study, Prof Verdiana Morando, SDA Bocconi, Bocconi University, IT

- 481 Creation of multidisciplinary team for the improvement of the chronic use of medications in primary care, Carol Rovira Algara, Institut Catala de la Salut, ES
- 485 Planning integrated care at primary care centres: lessons learnt through research in stratification tools in the Valencian Healthcare System, Ascensión Doñate-Martínez, Polibienestar Research Institute - University of Valencia, ES
- 487 Integrated care for elderly receiving hospital-at-home care: Designing an innovative home-based programme, Alejandro Gil-Salmerón (Polibienestar Research Institute, ES
- 492 Reducing the risk of readmission and death after hospital discharge using a predictive model, Maria Alkiza, OSAKIDETZA, ES
- 505 Evolution of the role of the pharmacist in Colombia, Sandra Tatiana Mendoza Arenas, Independent consulting in pharmaceutical services, CO
- 509 Acceptance of and intent to adopt video consultations for addressing mental health disorders in primary care: A cross-sectional mixed methods study in general practitioners, Dr Markus W. Haun, Heidelberg University, DE
- 526 Developing shared values for strategies and policies on Primary Care Centres in Tuscany Region, Italy, Dr. Manila Bonciani, Sant'Anna School of Advanced Studies, Pisa, IT
- 567 Population-based management of diabetes care - approach and solutions used in the North East Locality (Oxfordshire, UK) Pilot, Dr Olga Kozłowska, Brookes, UK
