

International Conference on Integrated Care

1-3 April 2019
San Sebastian, Basque Country

A shared culture for change:

Evaluating and implementing models of integrated people-centred services

Conference Themes – colour coded

Stream 1. Integrated health and social care for people at home

- Importance of home (in its broader sense) as social and health ecosystem
- Palliative Care/End of Life Care
- Role of carers (family, volunteers, professionals)
- Role of the pharmacy offices in the community
- Polypharmacy

Stream 2. Engaging and empowering people and communities to become equal partners in care

- Patient empowerment: from theory to practice (implementation and evaluation)
- The patient as an active agent in health, patients' engagement
- Support networks with patients and carers for self-management of health conditions
- Community health networks
- Learning from people's experience (patients, families and professionals)
- Codesign and coproduction in care
- Social design
- Innovative strategies to activate the community
- Community assets mapping
- Strategies and resources to build community and to reinforce care
- People's and community's participation in integrated care systems.

Stream 3: Creating shared cultures, norms and values across organisations, professionals and people *in association with the Integrated Care Academy*©

- The challenge of interdisciplinary work and the cultural shift
- Changing working culture towards a more collaborative approach among professionals
- Tools for team building with professionals
- New roles, skills and training
- Strengthening leadership and change management
- Creating multidisciplinary, organisational and area-based networks to support integration
- Managing beliefs, expectations and priorities

Stream 4. Building a stronger integrated primary care

- Importance of primary care leadership in care integration and its alliances with the social sector
- Primary care in care integration: organizational options
- Reassessing health promotion, disease prevention and community health

Stream 5. Models of care for people

- Integrated care and its dimensions: clinical, professional, functional, organizational, systemic, regulatory, etc.
- Organizational models in Integrated Care
- Transition from pilot experiences to level-system implementation

- Role of the macro level (institutional/political) on the agreements fostering, role of the meso level (social and health commissions, etc.) and role of the micro level (social and health care teams)
- Integrated care real experiences (i.e. Nurse Family Partnerships, home, etc.)
- Patients flow and improvement of care pathways between care levels and organizations
- Focus on vulnerable populations and populations at risk.

Stream 6. Defining measures and outcomes that matter to people

- Assessing integrated care performance, from people's and community's view – Quantitative and Qualitative approaches.
- Tools for health results assessment: improving social and health monitoring and health results (e.g. Social and health care scorecard)
- Health promotion, social and health care, community health networks and primary care leadership in the care integration process (including results)
- Evaluation of Integrated Care
- Frameworks and Tools to support better outcomes
- Regulating and inspecting Integrated Care

Stream 7. Impact of Digital Health supported by Tunstall Healthcare

- Potential and evaluation of digital technology to transform the access and delivery of care
- Technology enabled integrated health and care services
- Social and Health Care information systems
- Risk prediction analytical tools
- Risk stratification tools
- Shared electronic records (clinical record, social and health record)
- Big data
- Role of people and community in the appropriation of digital health: codesign of tools

Stream 8. Funding and Financing of Integrated Care

- New models of funding for social and health care systems

Stream 9. Integrated Care in Europe *in association with the European Commission*

Stream 10. The OMIS Room: Integrated Care Experiences in Spain *in association with the New Health Foundation and OMIS*

Stream 11. Steno DK Diabetes Stream: Integrated Care in Prevention and Treatment of Diabetes Complications *supported by Novo Nordisk Foundation*

Monday, 1 April

7.30 – 9.00	Registration, exhibition, posters and networking				
9.00 – 10.30	PARALLEL SESSIONS 1				
1.A Integrated Care in Europe	1.B The OMIS Room: Integrated Care Experiences in Geriatrics, Dementia and Frailty	1.C A Global Review of Current and Emerging Education and Training to Advance Integrated Systems of Care (456) - workshop	1.D Implementing Evaluation Frameworks at a Local Level	1.E Values of Integrated Care Special Interest Group (494)	1.F Seamless Care Optimizing the Patient Experience (SCOPE) - Co-designing the scaffolding for primary care integration (472) - workshop
<i>Supported by the European Commission</i>	<i>In collaboration with Frailty SIG</i>	<i>In association with Integrated Care Academy©</i>		<i>In association with Integrated Care Academy©</i>	
Room					
	<p>681 (ORAL PAPER 15') Integrated Primary and Geriatric Care with a longitudinal approach: +AGIL Barcelona: A real case of an integrated primary care</p> <p>182 (ORAL PAPER 15') Frailty prevention in elderly from community : the experience of fall prevention workshops (Basque Country) (in Spanish), Kepa Arrarte, Departamento de Salud del Gobierno Vasco</p> <p>155 (ORAL PAPER 15') Evolution of a multipronged and multi-intervention strategy for patients with high comorbidity</p> <p>755 (ORAL PAPER 15') Friendly Basque Country: Actions for promote dementia friendly communities</p>	<p>To include: *Oral Presentation from Hannah Johnson, Dana Newcombe, Frank Tracey and Lynne Sinclair</p>	<p>158 (ORAL PAPER 15') Maturity model for integrated primary care in Toronto, Canada</p> <p>555 (ORAL PAPER 15') The He Pikinga Waiora process evaluation tool guiding implementation of chronic condition interventions in Māori and other Indigenous communities</p> <p>338 (ORAL PAPER 15') Defining clinically relevant quality indicators that matter to people with Down syndrome</p> <p>662 (ORAL PAPER 15') Evaluation and Implementation of integrated care program for multimorbid patients within ACT@Scale project - Basque health service (Osakidetza)</p> <p>452 (ORAL POSTER 5') Design and analysis of a</p>	<p>Chaired by Nick Zonneveld, Vilans</p> <p>260 (ORAL PAPER 15') Multi-method investigation of normative integration in a novel inter-sectoral collaboration between mental health care services and public sick leave insurance organizations in Denmark Rie Mandrup Poulsen, Mental Health Care Center Copenhagen</p> <p>771 (ORAL PAPER 15') A shared culture for change: evaluating and implementing models of integrated people-centred services</p> <p>268 (ORAL POSTER 5') How to take into account people's values, preferences and views on healthcare services when designing the strategy on</p>	<p>Presenters: Dr. Pauline Pariser, University of Toronto Dr. Tara O'Brien, University of Toronto Dr. John Kavanagh, University of Toronto Marni Salkovitch, Toronto Central Local Health Integration Network Magdalena Rybak, University Health Network</p> <p>This is a workshop for universities, education providers, hospital and community service managers in which we will share lessons learned from the implementation and evaluation of a quality improvement initiative. We will use interactive learning methods, including breakout groups, to learn more about SCOPE, building sustained</p>

	<p>626 (ORAL POSTER 5') Active gaze - Loneliness detection in elderly (in Spanish)</p> <p>855 (ORAL POSTER 5') Same-cause-readmission reduction in elderly : the programme "Transiciona" (in Spanish) Karnele Acedo Gil, CEO Grupo SSI</p>		<p>scoreboard of quantitative indicators to assess the performance on integrated care in the Basque Health System</p> <p>165 (ORAL POSTER 5') The rationale for integrated care deployment to chronic patients in Ecuador and proposals to act locally: results from a mixed method study</p>	<p>chronic and integrated care of Catalonia</p>	<p>relationships with PCPs and patients, and customizing initiatives to local contexts</p>
--	---	--	---	---	--

1.G Evidence-based Integrated Care (EbIC)	1.H Impact of Digital Health: Data and Information Sharing	1.I National Strategies and Policies for Making Integrated Care a Reality	1.J Inter and Multi-disciplinary Team-based Working in Primary Care	1.K Mrs. Smith - Chapter 2: Vertical and Horizontal Integration and Care Model Implementation in the Integrated Care Organisation (ICO) in Torbay and South Devon, UK Leadership and Co-production (502) - workshop
<i>in collaboration with EbIC SIG*</i>	<i>Stream supported by Tunstall Healthcare</i>		<i>In association with Integrated Care Academy©</i>	<i>In association with Integrated Care Academy©</i>
<p>604 (ORAL PAPER 15') Systems theory as a shared theory for change.</p> <p>747 (ORAL PAPER 15') Holding the gains in Reshaping Care</p> <p>541 (ORAL PAPER 15') Lessons in sustainability: The re-imagination of integrated care in Ontario, Canada</p> <p>622 (ORAL PAPER 15'); Social and healthcare in the Basque Country: leadership and governance model (in Spanish)</p> <p>737 (ORAL PAPER 15') Long-Term Conditions Questionnaire (LTCQ): a new tool for evaluation of integrated people-centred services in the context of multi-morbidity and complex care needs</p>	<p>123 (ORAL PAPER 15') Building infrastructure for digital health using Open innovation 2.0 in co design of a meta data registry framework to support integrated care, Dr Pamela Hussey, Dublin City University</p> <p>127 (ORAL PAPER 15') With carers, for carers: participatory codesign of a mobile app for caregivers</p> <p>184 (ORAL PAPER 15') Providing access to telehealth for addiction therapy and psychopharmacology in rural America Tonya Cok, St. Mary's Family Medicine, USA</p> <p>220 (ORAL PAPER 15') Connected care for complex chronic patients in Lleida Eloisa Vargiu, EURECAT, eHealth Unit</p> <p>356 (ORAL PAPER 15') Electronic messaging system and the challenges for professional judgement Gunnar Vold Hansen, Oestfold University College,</p>	<p>757(ORAL PAPER 15'): Social and healthcare strategical priorities. Basque Country 2017-2020 (in Spanish) Emilio Sola Ballojera, BIOEF</p> <p>777 (ORAL PAPER 15') Public Policies in Chile for a model of attention focused on people (in Spanish)</p> <p>669 (ORAL PAPER 15') The Challenges of Delivering Universal and Integrated Care – Evidence to Inform Policy Implementation in Ireland and Internationally Dr Sarah Barry, Centre for Health Policy and Management, Trinity College Dublin PJ Harnett, Integrated Care Programme Older Persons, Health Services Executive, Ireland</p> <p>129 (ORAL PAPER 15') Health and Social Care coordination across Catalonia, Spain</p> <p>168 (ORAL POSTER 5') Trentino Salute 4.0 - The Creation of a Competence Center on Digital Health Integrating Policy, Healthcare</p>	<p>401 (ORAL PAPER 15') The importance of patient-centered care and co-creation of care for satisfaction with care and physical and social well-being of patients with multi-morbidity in the primary care setting, Sanne Kuipers, Erasmus University Rotterdam, The Netherlands</p> <p>520 (ORAL PAPER 15') Health and vulnerability: creating a care guideline for general practitioners</p> <p>571(ORAL PAPER 15'): Interprofessional collaboration between general practitioners and home nurses in Belgium: a participatory action research</p> <p>259 (ORAL PAPER 15') Development and testing of a primary health and social care integrated team model in the community</p> <p>610 (ORAL PAPER 15') The role of health care professionals in collaboration in primary health care Sanneke Schepman, NIVEL, Hogeschool Utrecht, and RegioPlus</p>	<p>This is an interactive workshop facilitated by system leaders and embedded researchers sharing experiences of co-production and exploring with participants elements of the 'Context and Capabilities for Integrated Care' (CCIC) implementation framework.</p> <p>Chaired by Dr Felix Gradinger and Dr Julian Elston, University of Plymouth and Torbay and South Devon NHS Foundation Trust</p>

		Trust and Research in Trentino Territory 585 (ORAL POSTER 5') Personalized Action Plan in Andalusia: supporting the Chrodís-Plus integrated care model for multimorbidity 743 (ORAL POSTER 5') Moving towards integrated local policies for health: facilitators and challenges for the implementation of Health in All Policies in the Spanish context			
10.30 – 11.00	Refreshments, exhibition, posters and networking				
11.00 – 12.30	PARALLEL SESSIONS 2				
2.A Integrated Care in Europe	2.B The OMIS Room: Integrated Care Experiences in System-wide Transformations and the Use of Pathways	2.C Children, Youth and Families	2.D Designing Integrated Care at the Ecosystem Level (281) - workshop	2.E Integrated Care and Mental Health	2.F Evaluating Integrated Care
<i>Supported by the European Commission</i>		<i>In association with CYF SIG*</i>			
Room					
TBC	600 (ORAL PAPER 15') A case from Uribe: redesigning healthcare (in Spanish) Galder Abos Mendizabal, Basque foundation for Health Innovation and Research (BIOEF) 648 (ORAL PAPER 15') Social and healthcare coordination in the Integrative Organisation of	101 (ORAL PAPER 15') An integrated group parenting model for mums with mental health issues and their babies: Findings from a participatory action research evaluation of the South Australian ACORN Program 799 (ORAL PAPER 15') The paradoxes of communication	Chaired by Ezra Dessers, KU Leuven	409 (ORAL PAPER 15') Cat herding for beginners: lessons in mental health integration from a small Australian jurisdiction Dr Sebastian Rosenberg, Centre for Mental Health Research, Australian National University	430 (ORAL PAPER 15') Multiple perspectives analysis of the implementation of an integrated care model for older adults in Quebec 496 (ORAL PAPER 15') Assessing patient's experience in an integrated care context by means of health survey

	<p>Goierro-Alto-Urola : Sharing time and tools (in Spanish)</p> <p>560 (ORAL PAPER 15') Pilot project design and implementation for the social, health and educational integration of children with chronic complex health problems and other special needs ? "EVAI" : integrative care need evaluation team (in Spanish)</p> <p>398 (ORAL POSTER 5') Facilitating the adoption of integrated care pathways in Spain</p> <p>637 (ORAL POSTER 5') Care route for patients with COPD : the incorporation of patients point of view through ASBIEPOC (COPD Patient Association from Bizkaia) – (in Spanish)</p> <p>248 (ORAL POSTER 5') Complex chronic case management strategy implementation model (in Spanish)</p> <p>139 (ORAL POSTER 5') Implementation and evaluation of social and health care services at home. An experience from the Integrated Health Care of Barrualde-Galdakao (Osakidetza) (in Spanish)</p>	<p>and collaboration in maternity care: a video-reflexivity study with professionals and parents Dr. Irene Korstjens, Zuyd University</p> <p>175 (ORAL PAPER 15') Sufficient exercise: mother's perceptions on neighborhood safety and quality of outdoor playgrounds in Rotterdam</p> <p>159 (ORAL PAPER 15') Strengthening Care for Children: Pilot of a Novel, Integrated General Practitioner-Paediatrician Model</p> <p>392 (ORAL POSTER 5') Trust me I'm a midwife Marie Lewis, Consultant Midwife, Powys Teaching Health</p> <p>261 (ORAL POSTER 5') Integrating care for children and young people through Project ECHO®</p> <p>816 (ORAL POSTER 5') Utilising the Project ECHO® model of education to empower health professional in the management of Childhood Overweight and Obesity</p>		<p>690 (ORAL PAPER 15') The development of an intersectoral intervention to patients with severe mental disease and selected somatic chronic diseases Julie Grew, Intersectoral Research Unit for Health Services, Frederiksberg Hospital</p> <p>475 (ORAL PAPER 15') The Collaborative Centre for Cardiometabolic Health in Psychosis (ccCHiP) – Integrating traditional healthcare to meet the needs of the mental health population Dr Kathleen Smith, Sydney Local Health District</p> <p>561 (ORAL PAPER 15') Living Well, Living Longer - transforming care to improve health inequalities in people with severe mental illness</p> <p>880 (ORAL PAPER 15') Better Pathways to Housing for people with enduring mental illness Paul Clenaghan, Sydney Local Health District Li Zeng, New Horizons</p> <p>678 (ORAL POSTER 5') The social nature of health policy implementation – an empirically-grounded reflection on the implementation of integrated care in the fields of mental health and chronic diseases</p>	<p>204 (ORAL PAPER 15') Can a Delphi study assist in understanding the strengths and weaknesses of an integrated coordination program for families?</p> <p>239 (ORAL PAPER 15') The evaluation of the programme Tipi-Ttapa in the Public Health Area of Tolosa-Goierri (2012-2017) – (in Spanish)</p> <p>851 (ORAL PAPER 15') Managing chronic conditions: lessons learned from a comparative evaluation of chronic care programs in Italy</p>
--	---	--	--	---	--

	<p>654 (ORAL POSTER 5') Social and healthcare coordination. Two structures with the same objective : the person (in Spanish)</p> <p>660 (ORAL POSTER 5') The experience in the creation of the local health network in Oñati (in Spanish) Angelica Ugarte Leturia, Osakidetza</p>				
2.G Multi-disciplinary Service Delivery	2.H Evidence-based Integrated Care	2.I Self-Management and Co-Production Special Interest Group (SIG) Launch	2.J Discover Spain: Whole System transformation	2.K Evaluation of Integrated Care: Ensuring Rigor, Scaling Up, Scaling Out (861) - workshop	
<i>In association with Integrated Care academy©</i>	<i>In association with EbIC SIG*</i>	<i>In association with Self-Management and Co-Production SIG</i>			
Room					
<p>253 (ORAL PAPER 15') Multidisciplinary team meetings in cancer care: is there a psychologist in the house? Dr. Melissa Horlait, Vrije Universiteit Brussel Department of Public Health - OPIH</p>	<p>Chaired by Ivy Lynn Bourgeault, Professor in the Telfer School of Management and the Institute of Population Health, University of Ottawa</p> <p>866 (ORAL PAPER 15') Policy Development; A complex adaptive system framework of</p>	<p>Launch of Special Interest Group on Self Management and Co-production (20 mins)</p> <p>802 (ORAL POSTER 5') The Self Management Network Scotland: How to share best practice and learning of self management across Scotland</p>	<p>603 (Oral Poster 5') The case of the OSI Uribe. Overcoming current paradigms – in Spanish</p> <p>229 (ORAL PAPER 15') Management Competency Development for Integrative Care (in Spanish)</p>	<p>Chaired by Oliver Groene, OptiMedis AG</p>	

<p>449 (ORAL PAPER 15') The myelomeningocele follow-up program: the Swedish initiative to ensuring multidisciplinary healthcare for individuals with myelomeningocele</p> <p>732 (ORAL PAPER 15') Improving Interprofessional Collaboration – a case study from the Netherlands Manon Lette, Amsterdam UMC</p> <p>566 (ORAL PAPER 15') Differences in awareness between physicians and nurses for postoperative delirium and persistent cognitive dysfunction in geriatric patients</p> <p>169 (ORAL POSTER 5') Conflict mitigation and management: Understanding the processes utilised by effective healthcare teams Marie O'Shea and Dr. Aoife De Brún, University College Dublin</p> <p>396 (ORAL POSTER 5') Understanding what makes team interventions work: Learning from healthcare professionals</p>	<p>barriers and facilitators to integrated care</p> <p>720 (ORAL PAPER 15') Whole System Transformation; CHRODIS+: Implementing good practices and tools across EU</p> <p>324 (ORAL PAPER 15') Whole System Transformation; Participative methods to mobilise a whole-system change towards integrated care for chronic care in Belgium: preliminary results of the implementation analysis</p> <p>488 (ORAL PAPER 15') Integrating research: the case of aging in a health research institute</p> <p>715 (ORAL POSTER 5') Developing a strategy for evaluating integrated Mental Health programmes in Catalonia</p> <p>651 (ORAL POSTER 5') The links between co-creation during conception in the restructuring of care organization and appropriate loco-regional network governance? Initial mechanisms identified in Belgian “integro” projects</p>	<p>Rhona Millar, The Health and Social Care Alliance Scotland (the ALLIANCE)</p> <p>628 (ORAL POSTER 5') The effects of a self-management programme (Stanford model) on adults in County Donegal with long term health conditions,</p> <p>135 (ORAL PAPER 15') Practicing what we preach about coproduction - the role of a Lived Experience Panel in quality improvement work Sheelagh Machin, Patient Representative</p>	<p>523 (ORAL PAPER 15') Take part: sharing ideas and experiences to grow (in Spanish)</p> <p>265 (ORAL PAPER 15'): Social and health coordination in the principality of Asturias: towards integrative care (in Spanish) Nerea Eguren Adrián, Consejería de Servicios y Derechos Sociales del Principado de Asturias</p> <p>275 (ORAL PAPER 15') Local health network: community educational programme to empower migrant women taking care of dependant persons. (in Spanish)</p> <p>586 (ORAL PAPER 15') Integrative care for elderly in Osakidetza (in Spanish)</p>	
12.30 – 2.00	Buffet Lunch, exhibition, posters and networking			
	Lunchtime Workshops			

MLW.A Integrated Care in Europe	MLW.B The OMIS Room: PalliSupport – The Development, Feasibility and Implementation of a Transitional Integrated Care Pathway for Older Patients with Palliative Care Needs (518) - workshop	MLW.C Implementing Integrated Care Models into the Curriculum for New Healthcare Professionals (388) - workshop	MLW.D Early Signaling and Prevention of Malnutrition Through Care Integration for Elderly People Living at Home (404) - workshop	MLW.E Discover Spain: Local Initiatives	*MLW.F IBM Watson Health - workshop
<i>Supported by the European Commission</i>	<i>In collaboration with Palliative and EoLC SIG</i>	<i>In association with Integrated Care Academy©</i>			<i>Supported by IBM Watson Health</i>
12.30 – 1.30	12.30 – 1.30	12.30 – 1.30	12.30 – 1.30	12.30 – 1.30	12.30 – 1.30

	1. Population Health
112	Through the eye of the service user representative, what key components contribute to value in integrated mental-health and social care services?
156	COORDINACIÓN ATENCIÓN PRIMARIA-FARMACIA COMUNITARIA. CONCILIACIÓN DE LA MEDICACIÓN.
174	The relation between deprivation and healthcare costs in early childhood
202	Interorganisational social network analysis of service providers in a new integrated care initiative
203	Qualitative exploration of enablers and barriers to interagency collaboration from the perspectives of senior managers and executive staff
205	Ngaramadhi
211	Patient involvement in health care decision making; an experience
217	A communication protocol between community pharmacists and primary care professionals to solve patients' medication problems
225	Health professional perceptions regarding screening tools for developmental surveillance for children in a multicultural part of Sydney, Australia
226	A realist synthesis of literature informing programme theories for Well-child Care in primary health systems of developed economies
228	Health professional perceptions regarding screening tools for developmental surveillance for children in a multicultural part of Sydney, Australia
244	Efficacy of a long-term m-health program for Integrated Care (MHICP) supervised by a Therapeutic Educator after pulmonary rehabilitation, in COPD patients: a pilot- randomized control trial.
245	ZU-TXU: mapeando activos para la salud con los/las adolescentes de Zumarraga y Urretxu
252	Trabajando con la comunidad: campaña "Tolosaldea sin humo ni colillas de tabaco"
254	Neighbourhoods 4 Wellbeing, Karen Patterson, South Eastern Sydney Local Health District
262	An innovative model of care for meeting the health and social needs of children and young people with intellectual disability
272	Disempowering socioeconomic and political structures to empower people
280	Pediatric obesity in integrated primary care: examining patient access across service delivery models
282	Understanding the medical determinants and health service needs of older people who experience loneliness in Sydney, Australia Lou-Anne Blunden, Sydney Local Health District
331	Children, young people and parents', and health providers' experiences of receiving and providing integrated care within a paediatric tertiary setting in Australia Hannah Johnson, Children's Health Queensland Hospital and Health Service
358	Mejora de la continuidad asistencial de una Area Sanitaria en Oftalmología Dra. Begoña Martínez Argüelles, Salud Pública del Area Sanitaria V (Gijón) en el Principado de Asturias
378	La Alianza de Salud Comunitaria, una red de intercambio de conocimiento y trabajo compartido.
392	Trust me I am a midwife
402	Caminando hacia la salud: creación de una red local
417	Early lessons from a Virtual Pulmonary Rehabilitation (VIPAR) Service
432	Co-producing a preventative intervention for children at risk of early language and behaviour difficulties

439	Prevent skin cancer in the society, an evidence based integrated care approach
440	Early detection of malnutrition in community dwelling older people: An evidence based integrated care approach
450	Effectiveness of an exercise programme to improve the quality of life of patients with heart failure in primary care: The EFICAR study
478	Psychosocial and obstetric determinants of women signalling distress on the Edinburgh Perinatal Depression Scale during universal perinatal care: a call for policy renewal
493	Parents experiences with integrated family obstetric and neonatal level 2 care to improve patient empowerment.
516	Oncología de Enlace: resultados y retos futuros
529	Qualitative inquiry into the experiences of diabetes management among low-income women in Singapore
544	Peer-to-peer interactions for better customer experience
642	Rural Maternity Day assessment and Ultrasound scanning service development, Alice Hammond, Powys Teaching Health Board
655	Service selection approach in ACT@Scale project: methodology and results Jon Txarramendieta, Kronikgune
660	"Experiencia en la creación de la Red Local de Salud de Oñati"
672	Contribution of an arts-based approach in collaboration with Cirque du Monde, by Cirque du Soleil to the mobilization and understanding of research results in a rural community.
680	Provider values in the adoption of goal-oriented care: an international comparative case study
684	The Social Quality Model and its impact on quality of life among patients with heart failure in the United States and the Netherlands: results from a cross-national survey
700	Co-creation of a Model for Intersectoral Health Care delivery on type II diabetes – A collaboration between patients, healthcare professionals, and researchers.
708	Implementing and sustaining large scale chronic disease care program. Abu Dhabi 14 years experience.
713	Risk stratification introduction in large scale Ambulatory Health care setting
722	Adherence to the treatment of first choice after hospital discharge by congestive heart failure (CHF), risk factors and socio-economic determinants
725	“Evaluación de una intervención comunitaria con Metodología ProCC para hombres en situación de vulnerabilidad”
726	“Evaluación de una intervención comunitaria con Metodología ProCC para hombres en situación de vulnerabilidad”
736	Health promotion education for children: an intersectoral project
741	La integración multidisciplinar amplia el horizonte de la donación
742	La prevención y promoción de salud nivel básico de la atención integrada. Una práctica efectiva: Plan Local de Salud de Benalmádena.
744	Community Programme to address the needs of the population aged 0-18 in situations of poverty and social exclusion in Bilbao: Caixa ProInfancia Programme María Mar Martínez Vázquez, Osakidetza.
758	Outcomes in Specialist Rehabilitation Medicine and their impact of waiting times
775	Does EQ-5D work in China? - Exploring cultural diversities in measuring health
790	Multimorbidity and its impact on Integrated Care
801	New Patterns
812	Evolución del tipo de lactancia en madres alojadas en un hotel de madres en un hospital general con UCI neonatal
822	Falls among older adults living in age-friendly environment in Singapore, Ms Elaine Qiao-Ying Ho, National University of Singapore, Saw Swee Hock School of Public Health
869	Gestión de prioridades, lista de espera y gestión poblacional en una comuna de Chile

	2. Policy Development
113	Leading change in the large-scale implementation of a service integration model in Québec
114	Health and social care influences on long hospital length of stay (los): a critical realist study in a large metropolitan hospital
137	IMPLANTACION DE BUENAS PRÁCTICAS EN CUIDADOS COMO PUNTO DE UNION EN LA INTEGRACIÓN ASISTENCIAL
151	INTERVENCIÓN PARA LA REDUCCIÓN DEL USO DE INHIBIDORES DE LA BOMBA DE PROTONES A DOSIS ALTAS CON LA PARTICIPACIÓN DEL PACIENTE (ENVÍO DE CARTA POSTAL).
153	The experience of setting an integrated people-centered health evaluation and care model in a community in Taipei, Ko, Yun Chen, Taipei city hospital, Taiwan
160	Integrated Inspection Teams
168	Trentino Salute 4.0 - The Creation of a Competence Center on Digital Health Integrating Policy, Healthcare Trust and Research in Trentino Territory
189	EL ABORDAJE EN OSAKIDETZA DE LAS SEGUNDAS Y TERCERAS VÍCTIMAS DE LOS EVENTOS ADVERSOS
190	SEGURIDAD DEL PACIENTE E INTEGRACIÓN ASISTENCIAL
199	Building healthy strong communities: Integrating health and social care through system transformation
206	Risk-based inspecting of care networks
207	Inspecting integrated care in the Netherlands
213	Use of patient involvement to improve/design healthcare strategies
223	Evaluación de las políticas de atención integrada en España
230	Privacy and integrated care: Sharing information within Australian interagency multidisciplinary teams.
247	"Factors influencing multiprofessional team work"
268	How to take into account people's values, preferences and views on healthcare services when designing the strategy on chronic and integrated care of Catalonia
