

# International Conference on Integrated Care

1-3 April 2019  
San Sebastian, Basque Country

## A shared culture for change:

Evaluating and implementing models of integrated people-centred services

### Conference Themes – colour coded

#### Stream 1. Integrated health and social care for people at home

- Importance of home (in its broader sense) as social and health ecosystem
- Palliative Care/End of Life Care
- Role of carers (family, volunteers, professionals)
- Role of the pharmacy offices in the community
- Polypharmacy

#### Stream 2. Engaging and empowering people and communities to become equal partners in care

- Patient empowerment: from theory to practice (implementation and evaluation)
- The patient as an active agent in health, patients' engagement
- Support networks with patients and carers for self-management of health conditions
- Community health networks
- Learning from people's experience (patients, families and professionals)
- Codesign and coproduction in care
- Social design

- Innovative strategies to activate the community
- Community assets mapping
- Strategies and resources to build community and to reinforce care
- People's and community's participation in integrated care systems.

### **Stream 3: Creating shared cultures, norms and values across organisations, professionals and people *in association with the Integrated Care Academy***

- The challenge of interdisciplinary work and the cultural shift
- Changing working culture towards a more collaborative approach among professionals
- Tools for team building with professionals
- New roles, skills and training
- Strengthening leadership and change management
- Creating multidisciplinary, organisational and area-based networks to support integration
- Managing beliefs, expectations and priorities

### **Stream 4. Building a stronger integrated primary care**

- Importance of primary care leadership in care integration and its alliances with the social sector
- Primary care in care integration: organizational options
- Reassessing health promotion, disease prevention and community health

### **Stream 5. Models of care for people**

- Integrated care and its dimensions: clinical, professional, functional, organizational, systemic, regulatory, etc.
- Organizational models in Integrated Care
- Transition from pilot experiences to level-system implementation
- Role of the macro level (institutional/political) on the agreements fostering, role of the meso level (social and health commissions, etc.) and role of the micro level (social and health care teams)
- Integrated care real experiences (i.e. Nurse Family Partnerships, home, etc.)

- Patients flow and improvement of care pathways between care levels and organizations
- Focus on vulnerable populations and populations at risk.

### **Stream 6. Defining measures and outcomes that matter to people**

- Assessing integrated care performance, from people's and community's view – Quantitative and Qualitative approaches.
- Tools for health results assessment: improving social and health monitoring and health results (e.g. Social and health care scorecard)
- Health promotion, social and health care, community health networks and primary care leadership in the care integration process (including results)
- Evaluation of Integrated Care
- Frameworks and Tools to support better outcomes
- Regulating and inspecting Integrated Care

### **Stream 7. Impact of Digital Health supported by Tunstall Healthcare**

- Potential and evaluation of digital technology to transform the access and delivery of care
- Technology enabled integrated health and care services
- Social and Health Care information systems
- Risk prediction analytical tools
- Risk stratification tools
- Shared electronic records (clinical record, social and health record)
- Big data
- Role of people and community in the appropriation of digital health: codesign of tools

**Tunstall**

**Stream 8. Funding and Financing of Integrated Care**

- New models of funding for social and health care systems

**Stream 9. Integrated Care in Europe *in association with the European Commission***

**Stream 10. The OMIS Room: Integrated Care Experiences in Spain *in association with the New Health Foundation and OMIS***

**Stream 11. Steno DK Diabetes Stream: Integrated Care in Prevention and Treatment of Diabetes Complications *supported by Novo Nordisk Foundation***

<b>1.G Evidence-based Integrated Care (EbIC)</b>	<b>1.H Impact of Digital Health: Data and Information Sharing</b>	<b>1.I National Strategies and Policies for Making Integrated Care a Reality</b>	<b>1.J Inter and Multi-disciplinary Team-based Working in Primary Care</b>	<b>1.K Mrs. Smith - Chapter 2: Vertical and Horizontal Integration and Care Model Implementation in the Integrated Care Organisation (ICO) in Torbay and South Devon, UK Leadership and Co-production (502) - workshop</b>	<b>1.L Integrating Care for Children, Young People and their Families (624)</b>
<i>in collaboration with EbIC SIG*</i>	<i>Stream supported by Tunstall Healthcare</i>		<i>In association with Integrated Care Academy©</i>	<i>In association with Integrated Care Academy©</i>	<i>In association with CYF SIG*</i>
<b>Auditorium</b>	<b>Room 3</b>	<b>Room 6+7</b>	<b>Chamber</b>	<b>Room 10</b>	<b>Room E2</b>
<p>Chaired by Roelof Ettema Hogeschool, Utrecht</p> <p>747 (ORAL PAPER 15') Holding the gains in Reshaping Care Anne Hendry, IFIC Scotland</p> <p>541 (ORAL PAPER 15') Lessons in sustainability: The re-imagination of integrated care in Ontario, Canada Gayathri Embuldeniya, University of Toronto, Canada</p> <p>669 (ORAL PAPER 15') The Challenges of Delivering Universal and Integrated Care – Evidence to Inform Policy Implementation in Ireland and Internationally Dr Sarah Barry, Trinity College Dublin, Ireland PJ Harnett, Health Services Executive, Ireland</p> <p>737 (ORAL PAPER 15') Long-Term Conditions</p>	<p>Chaired by Carolyn Steele Gray, Lunenfeld-Tanenbaum Research Institute, Canada</p> <p>123 (ORAL PAPER 15') Building infrastructure for digital health using Open innovation 2.0 in co design of a meta data registry framework to support integrated care Kris McGlinn, Trinity College Dublin, Ireland</p> <p>184 (ORAL PAPER 15') Providing access to telehealth for addiction therapy and pschopharmacology in rural America Tonya Bruni, St. Mary's Family Medicine, USA</p> <p>220 (ORAL PAPER 15') Connected care for complex chronic patients in Lleida Eloisa Vargiu, EURECAT, eHealth Unit</p>	<p>Chaired by Ri De Ridder, Belgium</p> <p>757(ORAL PAPER 15'): Social and healthcare strategical priorities. Basque Country 2017-2020 (in Spanish) Emilio Sola Ballojera, Ministry for Employment and Social Policies, Basque Government</p> <p>777 (ORAL PAPER 15') Public Policies in Chile for a model of attention focused on people (in Spanish), Osvaldo Artaza, Instituto de Salud Pública Universidad Austral, Chile</p> <p>129 (ORAL PAPER 15') User reported measure of care coordination across Catalonia, Spain Ester Risco, Hospital Clinic de Barcelona</p> <p>622 (ORAL PAPER 15'); Social and healthcare in the Basque Country: leadership and governance model (in Spanish) Sergio Murillo Corzo, Regional Council of Bizkaia</p>	<p>Chaired by Robin Miller, Health Services Management Centre, University of Birmingham</p> <p>401 (ORAL PAPER 15') The importance of patient-centered care and co-creation of care for satisfaction with care and physical and social well-being of patients with multi-morbidity in the primary care setting Sanne Kuipers, Erasmus University Rotterdam, Netherlands</p> <p>520 (ORAL PAPER 15') Health and vulnerability: creating a care guideline for general practitioners Liesbet Meyvis, Stad Antwerpen, Belgium</p> <p>571(ORAL PAPER 15'): Interprofessional collaboration between general practitioners and</p>	<p>Chaired by Dr Felix Gradinger and Dr Julian Elston, University of Plymouth and Torbay and South Devon NHS Foundation Trust</p> <p>This is an interactive workshop facilitated by system leaders and embedded researchers sharing experiences of co-production and exploring with participants elements of the 'Context and Capabilities for Integrated Care' (CCIC) implementation framework.</p>	<p>Chaired by Frank Tracey, Children's Health Queensland, Australia</p> <p>This workshop will</p> <p>Discuss definitions and scope for Integrating Health and Social Care as it applies to Children, Young People and their Families</p> <p>Discuss the scope and purpose of a Integrating Care for Children Youth People and Their Families ISpecial Interest Group (IC-CYF SIG)</p> <p>Modify the Scope and Purpose Document for the Integrating Care for Children Youth People and Their Families, Special Interest Group (IC-CYF SIG)</p> <p>The participants will learn some of the policy and academic foundations of Integrating Care for Children</p>

Questionnaire (LTCQ): a new tool for evaluation of integrated people-centred services in the context of multi-morbidity and complex care needs Dr Caroline Potter, University of Oxford	356 (ORAL PAPER 15') Electronic messaging system and the challenges for professional judgement Gunnar Vold Hansen, Oestfold University College, Norway	168 (ORAL POSTER 5') Trentino Salute 4.0 - The Creation of a Competence Center on Digital Health Integrating Policy, Healthcare Trust and Research in Trentino Territory Oscar Mayora Ibarra, Fondazione Bruno Kessler, Italy  585 (ORAL POSTER 5') Personalized Action Plan in Andalusia: supporting the Chrodis-Plus integrated care model for multimorbidity Ana M Carriazo, Regional Ministry of Health of Andalusia  743 (ORAL POSTER 5') Moving towards integrated local policies for health: facilitators and challenges for the implementation of Health in All Policies in the Spanish context Maite Morteruel, University of the Basque Country	home nurses in Belgium: a participatory action research Dr Marlène Karam, Catholic University of Louvain, Brussels (UCL), Belgium  610 (ORAL PAPER 15') The role of health care professionals in collaboration in primary health care Sanneke Schepman, NIVEL, Hogeschool Utrecht, and RegioPlus, Netherlands		Youth People and Their Families,  The workshop will define the scope and purpose of a SIG for Integrating Care for Children Youth People and Their Families.
10.30 – 11.00	<b>Refreshments, exhibition, posters and networking</b>				
11.00 – 12.30	<b>PARALLEL SESSIONS 2</b>				
<b>2.A Capacity building and technical support for implementing integrated care</b>	<b>2.B The OMIS Room: Integrated Care Experiences in System-wide Transformations and the Use of Pathways</b>	<b>2.C Children, Youth and Families</b>	<b>2.D Designing Integrated Care at the Ecosystem Level (281) - workshop</b>	<b>2.E Integrated Care and Mental Health</b>	<b>2.F Evaluating Integrated Care</b>
<i>Supported by the European Commission</i>		<i>In association with CYF SIG</i>			
<b>Room 1</b>	<b>Room 4 + 5</b>	<b>Room 6 + 7</b>	<b>Room 3</b>	<b>Chamber</b>	<b>Room 8 + 9</b>

<p>Strategies for integrated care and concrete needs for assistance with the implementation Presentation from care authorities in Poland Presentation from care authorities in Slovakia Presentation from care authorities in Twente, Netherlands</p>	<p>Chaired by Dr Arturo Alvarez-Rosete, New Health Foundation  600 (ORAL PAPER 15') A case from Uribe: redesigning healthcare (in Spanish) Galder Abos Mendizabal, Basque Foundation for Health Innovation and Research (BIOEF)</p>	<p>Chaired by Viktoria Stein, International Foundation for Integrated Care (IFIC)  101 (ORAL PAPER 15') An integrated group parenting model for mums with mental health issues and their babies: Findings from a participatory action research evaluation of the South Australian ACORN Program Paul Aylward, Flinders University, Australia</p>	<p>Chaired by Ezra Dessers, KU Leuven, Belgium  Presenters: Bernard J Mohr, Innovation Partners International, USA; Chris Lawer, Umio, UK; Todorka Kostadinova, Medical University of Varna, Bulgaria; Ezra Dessers, KU Leuven, Belgium</p>	<p>Chaired by David Perkins, IFIC Australia  409 (ORAL PAPER 15') Cat herding for beginners: lessons in mental health integration from a small Australian jurisdiction Dr Sebastian Rosenberg, Centre for Mental Health Research, Australian National University, Australia</p>	<p>Chaired by Albert Alonso, International Foundation for Integrated Care (IFIC)  430 (ORAL PAPER 15') Multiple perspectives analysis of the implementation of an integrated care model for older adults in Quebec Paul Wankah, Université de Sherbrooke, Canada</p>
<p>Technical support and knowledge to assist implementation Presentation from the World Bank Presentation from Optimity Advisors Presentation from the Bevan Commission  Interactive audience discussion</p>	<p>648 (ORAL PAPER 15') Social and healthcare coordination in the Integrative Organisation of Goierro-Alto-Urola : Sharing time and tools (in Spanish) Esther Ortiz de Zárate Carrillo, Amaia Oyarbide Munduate, Lourdes Garcia Arrea, Osakidetza-Basque Health Service</p>	<p>799 (ORAL PAPER 15') The paradoxes of communication and collaboration in maternity care: a video-reflexivity study with professionals and parents Dr Irene Korstjens, Zuyd University, Netherlands  175 (ORAL PAPER 15') Sufficient exercise: mother's perceptions on neighborhood safety and quality of outdoor playgrounds in Rotterdam Marije van der Hulst, Erasmus MC Rotterdam, Netherlands</p>	<p>Just as care integration cannot always be realized only at the level of a single organization, a single care network may not always offer the scope to reach care integration. Individual care providers, care organizations and care networks are part of a larger constellation of ecosystem actors.  The aim of this workshop is to get participants acquainted with an ecosystem perspective on care integration, to explore possible design elements and principles, and to learn about design process challenges and characteristics at an ecosystem level.</p>	<p>690 (ORAL PAPER 15') The development of an intersectoral intervention to patients with severe mental disease and selected somatic chronic diseases Julie Grew, Intersectoral Research Unit for Health Services, Frederiksberg Hospital, Denmark</p>	<p>496 (ORAL PAPER 15') Assessing patient's experience in an integrated care context by means of health survey Maider Mateos-del Pino, Ministry for Health, Basque Government</p>
	<p>560 (ORAL PAPER 15') Pilot project design and implementation for the social, health and educational integration of children with chronic complex health problems and other special needs ? "EVAI" : integrative care need evaluation team (in Spanish) Gisela Muñoz García, Osakidetza-Basque Health Service</p> <p>398 (ORAL POSTER 5') Facilitating the adoption of integrated care pathways in Spain</p>	<p>159 (ORAL PAPER 15') Strengthening Care for Children: Pilot of a Novel, Integrated General Practitioner-Paediatrician Model Harriet Hiscock, The Royal Children's Hospital and Murdoch Children's Research Institute, Melbourne, Australia</p> <p>392 (ORAL POSTER 5') Trust me I'm a midwife Marie Lewis, Consultant Midwife, Powys Teaching Health</p> <p>261 (ORAL POSTER 5') Integrating care for children and young people through Project ECHO®</p>		<p>475 (ORAL PAPER 15') The Collaborative Centre for Cardiometabolic Health in Psychosis (ccChiP) – Integrating traditional healthcare to meet the needs of the mental health population Dr Kathleen Smith, Sydney Local Health District, Australia</p> <p>880 (ORAL PAPER 15') Better Pathways to Housing for people with enduring mental illness</p>	<p>204 (ORAL PAPER 15') Can a Delphi study assist in understanding the strengths and weaknesses of an integrated care program for families? Erin Miller, Sydney Local Health District (SLHD), Australia</p> <p>239 (ORAL PAPER 15') The evaluation of the programme Tipi-Ttapa in the Public Health Area of Tolosa-Goierri (2012-2017) – (in Spanish) Carmen Virto, Ministry for Health, Basque Government</p>

	<p>Elena Urizar, Deusto Business School Health</p> <p>637 (ORAL POSTER 5') Care route for patients with COPD: the incorporation of patients point of view through ASBIEPOC (COPD Patient Association from Bizkaia) – (in Spanish) Iratxe Regidor, Osakidetza-Basque Health Service</p> <p>248 (ORAL POSTER 5') Complex chronic case management strategy implementation model (in Spanish) Carmen Garcia Cubero, Servicio Madrilen0 de Salud</p> <p>139 (ORAL POSTER 5') Implementation and evaluation of social and health care services at home. An experience from the Integrated Health Care of Barrualde-Galdakao (in Spanish) Iratxe Regidor, Osakidetza-Basque Health Service</p> <p>654 (ORAL POSTER 5') Social and healthcare coordination. Two structures with the same objective : the person (in Spanish) Guillermo Quirce Escobar, Osakidetza-Basque Health Service</p> <p>660 (ORAL POSTER 5') The experience in the creation of</p>	<p>Frank Tracey, Children's Health Queensland, Australia</p> <p>816 (ORAL POSTER 5') Utilising the Project ECHO® model of education to empower health professional in the management of Childhood Overweight and Obesity Frank Tracey, Children's Health Queensland, Australia</p>		<p>Li Zeng, New Horizons, Sydney Local Health District, Australia</p> <p>678 (ORAL POSTER 5') The social nature of health policy implementation – an empirically-grounded reflection on the implementation of integrated care in the fields of mental health and chronic diseases Sophi Thunus, UC Louvain, Belgium</p>	<p>851 (ORAL PAPER 15') Managing chronic conditions: lessons learned from a comparative evaluation of chronic care programs in Italy, Angelica Zazzera, SDA Bocconi, Italy</p>

	governance? Initial mechanisms identified in Belgian “integro” projects Jean Macq, Universite Catholique de Louvain, Belgium				
12.30 – 14.00	<b>Buffet Lunch, exhibition, posters and networking</b>				
13.15	<b>Healthy Lunch Time Stroll</b>				
Meeting Point – Registration Desk	Take a healthy lunchtime stroll around the beautiful city of San Sebastian. An opportunity to take a break from the buzz of the conference and meet other participants in a more casual setting while keeping fit! It will also be a chance to meet the vibrant and dynamic people participating group in “TipiTapa” (Step by step, in Basque). TipiTapa is a programme included in the Health Plan 2013-2020 of the Basque Country and involves Public Health, Basque Health Service, Municipalities and volunteers. The programme offers walks for different communities across the Gipuzkoa region with the main goal of physical activity promotion and socializing.

8.00 – 9.00	Breakfast sessions				
<b>TBW.A Health and Social Care (619) – SIG Meeting</b>	<b>TBW.B Transforming health and care in Wales through disruptive leadership</b>	<b>TBW.C Innovation on Home-based Care Services (128) - workshop</b>	<b>TBW.D Incentivising Integrated Service Provision I: Approaches to Care Coordination that Enable Integrated Social, Medical and Vocational Support to People with Stroke and Dementia – workshop</b>	<b>TBW.E Building Learning Health Systems on Real World Data (115) - workshop</b>	<b>TBW.F Neighbourhoods for Wellbeing (N4W): Modelling and embedding codesign as a mindset and a way of working from the get-go (334) - workshop</b>
<i>In association with Health and Social Care SIG</i>			<i>Supported by the European Commission Structural Reform Support Service</i>	<i>Stream supported by Tunstall Healthcare</i>	
<b>Room 4 + 5</b>	<b>Room D</b>	<b>Room 10</b>	<b>Room 1</b>	<b>Room 8 + 9</b>	<b>Room 2</b>
<p>Chaired by John Eastwood, Sydney Local Health District, Australia</p> <p>The integration of system-wide health and social care policies and services has long been seen as the answer to improved efficiency and outcomes for consumers of health and social care services.</p> <p>The participants will learn some of the policy and academic foundations of Integrating Health and Social Care.</p> <p>The workshop will define the scope and purpose of a SIG for Integrating Health and Social Care.</p>	<p>Chaired by Leo Lewis, International Foundation for Integrated Care (IFIC)</p> <p>This breakfast session will provide the opportunity for delegates to learn about the work of the Bevan Commission and Bevan Academy from its Director and its innovative work and role as a disruptive leader in transforming health and care in Wales, through a series of short presentations and videos from a number of Bevan Exemplars. The work of the Bevan Commission is world leading in transforming care delivery from a largely medical model to Wales' Prudent Social Model of Health through a new way of "Thinking, ... Planning, and ... Doing".</p>	<p>Chaired by Tenorio-Laranga Jofre, Osatek, Basque Country</p> <p>The goal of this workshop is, through a participative process, obtain a map of factors and opportunities for the absorption of ICT technology by remote care services. The specific goal is to evaluate how virtual agents and related tools can provide support and home-based solution for elderly people suffering cognitive impairment. We believe that such innovations can extend the autonomy of the patients and their life at home.</p>	<p>Chaired by Dr Nick Goodwin, International Foundation for Integrated Care (IFIC)</p> <p>Contributors: Ellen Nolte, LSHTM, UK Walter Wodchis, University of Toronto, Canada Mirella Minkman, Vilans, Netherlands Anne Hendry, IFIC Scotland</p> <p>This workshop focuses on emerging approaches to effective care coordination in support of people with stroke and/or dementia. The workshop will focus on four key aspects: emerging models of integrated service provision; how these are managed and organised; how data and information is being integrated to support care</p>	<p>Chaired by Enrique Bernal, Institute for Health Sciences in Aragon, IACS</p> <p>In this workshop, researchers from REDISSEC, the Spanish Network on Health Services Research, will reflect on how RWD reuse may foster the implementation of learning health systems. The workshop will cover three objectives: 1) Showcasing the capabilities of RWD to improve chronic care and patients' outcomes; 2) Raising current and future challenges when using RWD; and, 3) Discussing how to build learning health systems upon RWD.</p>	<p>Chaired by Karen Patterson and Jane Cockburn, South Eastern Sydney Local Health District, Australia</p> <p>This workshop will provide details of our test of change framework and current status of the project. We will share our learnings and also key co-design tools and frameworks we have used in this and other projects to embed codesign from the very beginning. Participants will have the opportunity to test and contribute to at least one tool or framework in the workshop. Participants will be provided with materials at the end of session to help apply some of our learnings</p>

			coordination and how to assess performance; and the role and impact of new funding models and financial incentives. A key focus of the workshop will be on how people with complex needs gain access to effective rehabilitation and reablement services, including return to work. The workshop will include 30 minutes of testimony from international experts, followed by a 30-minute facilitated discussion.		within their own environment.

13.15	<b>Healthy Lunch Time Stroll</b>			
Meeting Point – Registration Desk	Take a healthy lunchtime stroll around the beautiful city of San Sebastian. An opportunity to take a break from the buzz of the conference and meet other participants in a more casual setting while keeping fit! It will also be a chance to meet the vibrant and dynamic people participating group in “TipiTapa” (Step by step, in Basque). TipiTapa is a programme included in the Health Plan 2013-2020 of the Basque Country and involves Public Health, Basque Health Service, Municipalities and volunteers. The programme offers walks for different communities across the Gipuzkoa region with the main goal of physical activity promotion and socializing.

The workshop showcases do's and don'ts in upscaling integrated care based on three years of practical experience from 16 programmes in 6 European regions. We will discuss how other services can use our experiences and present our recommendations for using collaborative methods and distributed evaluation as successful tools for implementation. Two regions will share their experiences from ACT@Scale.	Presenters: María Soledad Giménez Campos, Hospital Universitari i Politècnic La Fe Ascensión Doñate Martínez, University of Valencia, Polibienestar Research Institute  This workshop is focused on early palliative care among patients with chronic conditions through an updating of state-of-the-art approaches, followed by experiences gained at different healthcare systems. Also, the aim is to discuss barriers and facilitators to implement palliative care to patients with life limiting conditions due to advanced chronic conditions	Chaired by Mirella Minkman VILANS  825 (ORAL PAPER 15') Diabetes and oral health (DiabOH): a developing model of integrated care Dr Rachel Martin and Ana Ivanovic North Richmond Community Health, Australia  255 (ORAL PAPER 15') Intersectoral coordination of prevention over the life course: professionals and the making of diabetes prevention in Denmark Viola Burau, Aarhus University, Denmark  700 (ORAL POSTER 8') Co-creation of a Model for Intersectoral Health Care delivery on type II diabetes – A collaboration between patients,	Chaired by Andrew Terris, International Foundation for Integrated Care (IFIC)  Panellists (TBC): Häli Tarum, Estonia Ellen Nolte, LSHTM, UK Ri de Ridder, Belgium Stephen Shortell, Berkeley, USA Andrew Smith, COBIC/Optimedis Jeroen Struijs, RIVM, Netherlands  This round-table brings together a panel of experts on the funding and financing of integrated care. The focus of the roundtable will be to debate the issues in how best incentivise integrated service provision, specifically as it pertains to people with vulnerable needs (e.g. for long-term care for people with	Chaired by Anne Hendry, IFIC Scotland and Marco Inzitari, Universitat Autònoma de Barcelona, Spain  Panellists: Bianca Buurman, University of Amsterdam, the Netherlands Kerry Kuluski, Sinai Health System, Toronto, Ontario, Canada Sara J.T. Guilcher, University of Toronto, Toronto, Ontario, Canada Janet Bettger, scientist, Duke Global Health Institute, US  The workshop will focus on managing transitions of care from hospital to home. Delegates will have an opportunity to:	Chaired by Patricia Sullivan-Taylor, Executive Lead for Policy and Partner Engagement, Accreditation Canada. Welcome and brief introduction by Patricia Sullivan setting out the challenges that regulators, inspectorates and accreditors face when changing from assessing health or social care providers to assessing integrated care. Janet Ortega, Head Integrated Care of the Care Quality Commission in England will share the learning from the Commission's work on reviewing local systems. The Care Quality Commission looked at how services within an area worked together to provide

		<p>healthcare professionals, and researchers Anne Bendix Anderson, Regional Hospital Central Jutland, Viborg, Denmark</p> <p>482 (ORAL PAPER 10') Obesity and complications in children and adolescents: Implementation of a multifactorial lifestyle intervention involving specialist and municipalities. Rasmus Møller Jørgensen, Randers Hospital, Denmark</p> <p>503 (ORAL POSTER 8') Shared care for patients with type 2 diabetes across general practice, hospital and municipality Julie Grew, Intersectoral Research Unit for Health Services, Frederiksberg Hospital, Denmark</p>	<p>dementia and/or to those people of working age recovering from a stroke). Ellen Nolte from the London School of Hygiene and Tropical Medicine will first reflect upon the scope of financial incentives that have been used to support integrated care before a panel is then convened for a roundtable discussion with attending delegates. The format of the roundtable will then be convened in a question and answer format. As the roundtable is in support of Estonian reform efforts to further integration of services, Hali Tarum, Head of the Social Welfare Department at the Ministry of Social Affairs, will pose the key questions to the panel.</p>	<p>Reflect on models of transitional care in Europe and North America</p> <p>Compare and contrast practices in different acute and community settings</p> <p>Consider outcomes for patients, caregivers and systems</p> <p>Meet with other members of the Special Interest Group</p> <p>Shape the 2019 -2020 workplan for the SIG</p>	<p>seamless care for older people. Coordinating inspectors of the Dutch Health and Youth Care Inspectorate Elvira van Eijk and Heleen Buijze will present on how the Dutch Health and Youth Care Inspectorate reviews integrated care on a client level to learn about the necessary changes within a system. The Inspectorate looked at integrated care for people with chronic mental illness and for frail elderly people.</p> <p>Kees Reedijk, strategic inspector of the Dutch Health and Youth Care Inspectorate will close with a brief overview of the newly launched Special Interested Group on Regulating and Inspecting Integrated Care to which new members are welcome.</p>

13.15	<b>Healthy Lunch Time Stroll</b>				
Meeting Point – Registration Desk	Take a healthy lunchtime stroll around the beautiful city of San Sebastian. An opportunity to take a break from the buzz of the conference and meet other participants in a more casual setting while keeping fit! It will also be a chance to meet the vibrant and dynamic people participating group in “TipiTapa” (Step by step, in Basque). TipiTapa is a programme included in the Health Plan 2013-2020 of the Basque Country and involves Public Health, Basque Health Service, Municipalities and volunteers. The programme offers walks for different communities across the Gipuzkoa region with the main goal of physical activity promotion and socializing.

## Display Posters (Display Only and Oral Posters) – on display in thematic zones for 3 days of conference in exhibition and catering areas

	<b>1. Population Health</b>
112	Through the eye of the service user representative, what key components contribute to value in integrated mental-health and social care services? Charlotte Klinga, Karolinska Institutet
156	Coordinación atención primaria-farmacia comunitaria. Conciliación de la medicación. Amaia Mandizabal, Osakidetza-Basque Health Service
174	The relation between deprivation and healthcare costs in early childhood Marije van der Hulst, Erasmus MC Rotterdam.
202	Interorganisational social network analysis of service providers in a new integrated care initiative John Eastwood, Sydney Local Health District
203	Qualitative exploration of enablers and barriers to interagency collaboration from the perspectives of senior managers and executive staff John Eastwood, Sydney Local Health District
205	Ngaramadhi John Eastwood, Sydney Local Health District
211	Patient involvement in health care decision making; an experience Jaione Sánchez Zugazua, Osakidetza-Basque Health Service
217	A communication protocol between community pharmacists and primary care professionals to solve patients' medication problems Ainhoa Oñatibia-Astibia, Official Pharmacist Association of Gipuzkoa
225	Health professional perceptions regarding screening tools for developmental surveillance for children in a multicultural part of Sydney, Australia John Eastwood, Sydney Local Health District
226	A realist synthesis of literature informing programme theories for Well-child Care in primary health systems of developed economies John Eastwood, Sydney Local Health District
228	Health professional perceptions regarding screening tools for developmental surveillance for children in a multicultural part of Sydney, Australia John Eastwood, Sydney Local Health District
244	Efficacy of a long-term m-health program for Integrated Care (MHICP) supervised by a Therapeutic Educator after pulmonary rehabilitation, in COPD patients: a pilot- randomized control trial Jiménez Reguera, Fundación Lovexair
245	ZU-TXU: mapeando activos para la salud con los/las adolescentes de Zumarraga y Urretxu Nagore Errasti, Ministry for Health, Basque Government
252	Trabajando con la comunidad: campaña "Tolosaldea sin humo ni colillas de tabaco" M <sup>a</sup> Luz Rodríguez Ibáñez, Osakidetza-Basque Health Service
254	Neighbourhoods 4 Wellbeing, Karen Patterson, South Eastern Sydney Local Health District
262	An innovative model of care for meeting the health and social needs of children and young people with intellectual disability Pankaj Garg, The Sydney Children's Hospitals Network (Westmead)
280	Pediatric obesity in integrated primary care: examining patient access across service delivery models Teryn Bruni, University of Michigan - Michigan Medicine
282	Understanding the medical determinants and health service needs of older people who experience loneliness in Sydney, Australia Lou-Anne Blunden, Sydney Local Health District
358	Mejora de la continuidad asistencial de una Area Sanitaria en Oftalmología

	Dra. Begoña Martínez Argüelles, Salud Pública del Area Sanitaria V (Gijón) en el Principado de Asturias
378	La Alianza de Salud Comunitaria, una red de intercambio de conocimiento y trabajo compartido Aitziber Benito Pérez de Mendiola, Ministry for Health, Basque Government
392	Trust me I am a midwife Marie Lewis, Consultant Midwife, Powys Teaching Health
402	Caminando hacia la salud: creación de una red local Susana Martín, Osakidetza-Basque Health Service
417	Early lessons from a Virtual Pulmonary Rehabilitation (VIPAR) Service
432	Co-producing a preventative intervention for children at risk of early language and behaviour difficulties Catherine Pape
439	Prevent skin cancer in the society, an evidence based integrated care approach Roelof Ettema, SIG Lead for Evidence-based Integrated Care
440	Early detection of malnutrition in community dwelling older people: An evidence based integrated care approach Roelof Ettema, SIG Lead for Evidence-based Integrated Care
450	Effectiveness of an exercise programme to improve the quality of life of patients with heart failure in primary care: The EFICAR study María Soledad Arietaleanizbeaskoa Sarabia, Osakidetza-Basque Health Service
493	Parents experiences with integrated family obstetric and neonatal level 2 care to improve patient empowerment Mireille Stelwagen, OLVG
516	Oncología de Enlace: resultados y retos futuros Jesus Manuel Blanco Alejo, Osakidetza-Basque Health Service
529	Qualitative inquiry into the experiences of diabetes management among low-income women in Singapore Nuriyana Daros, National University of Singapore
544	Peer-to-peer interactions for better customer experience, Caroline Lim, Singapore University of Social Sciences
642	Rural Maternity Day assessment and Ultrasound scanning service development Alice Hammond, Powys Teaching Health Board
655	Service selection approach in ACT@Scale project: methodology and results Jon Txarramendieta, Kronikgune
660	Experiencia en la creación de la Red Local de Salud de Oñati Angelica Ugarte Letur
672	Contribution of an arts-based approach in collaboration with Cirque du Monde, by Cirque du Soleil to the mobilization and understanding of research results in a rural community Julie Théberge, Université Laval-CISSS Chaudière-Appalaches
680	Provider values in the adoption of goal-oriented care: an international comparative case study Jennifer Im, Bridgepoint Collaboratory for Research and Innovation, Sinai Health System
684	The Social Quality Model and its impact on quality of life among patients with heart failure in the United States and the Netherlands: results from a cross-national survey Dr Brita Roy, Yale School of Medicine
700	Co-creation of a Model for Intersectoral Health Care delivery on type II diabetes – A collaboration between patients, healthcare professionals, and researchers Anne Bendix Anderson, Regional Hospital Central Jutland, Viborg, Denmark
722	Adherence to the treatment of first choice after hospital discharge by congestive heart failure (CHF), risk factors and socio-economic determinants Naiara Parraza Diez, Osakidetza-Basque Health Service
725	“Evaluación de una intervención comunitaria con Metodología ProCC para hombres en situación de vulnerabilidad” Raquel Ribón Liberal, Universidad Autónoma de Madrid

736	Health promotion education for children: an intersectoral project Debora de Souza Santos, Universidade Estadual de Campinas - Unicamp
741	La integración multidisciplinaria amplia el horizonte de la donación Lucía Elósegui Itxaso, Osakidetza-Basque Health Service
744	Community Programme to address the needs of the population aged 0-18 in situations of poverty and social exclusion in Bilbao: Caixa ProInfancia Programme María Mar Martínez Vázquez, Osakidetza-Basque Health Service
758	Outcomes in Specialist Rehabilitation Medicine and their impact of waiting times Caitriona Begley, National Rehabilitation Hospital
801	New Patterns Eirik Abildsnes, Kristiansand Municipality
822	Falls among older adults living in age-friendly environment in Singapore Elaine Qiao-Ying Ho, National University of Singapore, Saw Swee Hock School of Public Health
869	Gestión de prioridades, lista de espera y gestión poblacional en una comuna de Chile Sergio König, CITGS eHealth
	<b>2. Policy Development</b>
113	Leading change in the large-scale implementation of a service integration model in Québec Yves Cputurier, University of Sherbrooke
114	Health and social care influences on long hospital length of stay (los): a critical realist study in a large metropolitan hospital Bahare Moradi, Sydney Local Health District
137	Implantación de buenas prácticas en cuidados como punto de unión en la integración asistencial M. Angeles Cidoncha Moreno, Osakidetza-Basque Health Service
151	Intervención para la reducción del uso de inhibidores de la bomba de protones a dosis altas con la participación del paciente (envío de carta postal) Elena Valverde Bilbao, Osakidetza-Basque Health Service
153	The experience of setting an integrated people-centered health evaluation and care model in a community in Taipei Ko, Yun Chen, Taipei city hospital, Taiwan
160	Integrated Inspection Teams Kees Reedijk, Inspectie Gezondheidszorg en Jeugd (Health and Youth Care inspectorate)
168	Trentino Salute 4.0 - The Creation of a Competence Center on Digital Health Integrating Policy, Healthcare Trust and Research in Trentino Territory
190	Seguridad del Paciente e Integración Asistencial Enrique Peiró Callizo, Osakidetza-Basque Health Service
199	Building healthy strong communities: Integrating health and social care through system transformation
206	Which indicators could the Dutch Inspectorate use as proxies of quality of care networks for frail elderly people living at home? Heleen Buijze, Dutch Health and Youth Care Inspectorate
207	Inspecting integrated care in the Netherlands Heleen Buijze, Dutch Health and Youth Care Inspectorate
213	Use of patient involvement to improve/design healthcare strategies Jaione Sánchez Zugazua, Osakidetza-Basque Health Service
230	Privacy and integrated care: Sharing information within Australian interagency multidisciplinary teams John Eastwood, Sydney Local Health District
247	"Factors influencing multiprofessional team work"

	Helge Ramsdal Østfold Regional College
268	How to take into account people's values, preferences and views on healthcare services when designing the strategy on chronic and integrated care of Catalonia Roser Bosser i Giral, Generalitat de Catalunya
288	The Colorectal Cancer Screening Programme in the Basque Country: obtaining a good performance by means of professional collaboration Isabel Portillo, Osakidetza-Basque Health Service
289	Aplicación experimental del "Protocolo sociosanitario para la promoción del buen trato y la detección e intervención ante el maltrato a personas mayores" del Principado de Asturias Diana Fernández Zapico, Consejería de Servicios y Derechos Sociales del Principado de Asturias
291	How does a new working method in the Norwegian Labour and Welfare Organization (NAV) succeed in reducing sick leave rates? Gunnar Vold Hansen, Østfold University College
323	Impact of a long-term policy on mental health system performance and stability: the case of Bizkaia (Basque Country, Spain) Nerea Almeda, Universidad Loyola Andalucía
332	Changes in mental health system performance: the case of Gipuzkoa (Basque Country, Spain) Nerea Almeda, Universidad Loyola Andalucía
333	Coproducing value within the clinical encounter, Hub Wollersheim, IQ healthcare
350	The performance measurement of the primary health care quality Brahim Zaadoud, Healthcare ministry
361	Refuerzo de la acción comunitaria como estrategia para la promoción de la salud en Euskadi Aitziber Benito Pérez de Mendiola, Osakidetza-Basque Health Service
368	Accountability in integrated health service delivery in the Netherlands Dennis Van Kerkvoorden, HU University of Applied Sciences
373	Inspecting integrated health and social care in Scotland: A journey of transformation in scrutiny, assurance and improvement Louise Kelly, Care Inspectorate
379	Patient's new role: healthcare safety assessor. Profile and willingness Isabel Rodrigo
381	Setting improvement priorities: Importance-Performance-Analysis in care pathways for integrated care. Ruben Van Zelm, KU Leuven, Belgium
384	Incorporación del paciente como barrera de seguridad durante la asistencia: actualización del modelo de Reason Rosa María Añel Rodríguez, Osakidetza-Basque Health Service
423	Fostering improvement in social centres for integrated care through a certification process Mar Castellano, Agencia de Calidad Sanitaria de Andalucía (ACSA)
451	Implementación de un nuevo modelo integral de salud comunitaria en Cataluña Àlex Guarga i Rojas, Servei Català de la Salut (CatSalut)
480	Amending integrated perinatal care policy to respond to women in distress in pregnancy using a risk stratification model John Eastwood, Sydney Local Health District, Australia
492	Rotterdam Stroke Service: audits for the quality of integrated care Bianca Buijck, Rotterdam Stroke Service
515	Financing an integrated care "network-physician" by preventing ambulatory care sensitive hospitalizations. Results of a health-economic modelling approach based on data from an integrated care system Timo Schulte, OptiMedis AG, Germany
551	Promoting the application of policy documents by nursing and midwifery staff at the point of care: a mixed-methods study Nazlee Siddiqui, University of Tasmania

563	Value based health care in the Rotterdam stroke service Bianca Buijck, Rotterdam Stroke Service
579	Primary healthcare overhaul in Andalusia (Spain) Dr Ana M Carriazo, Regional Ministry of Health and Families of Andalusia (Spain)
592	Interorganizational and multidisciplinary collaboration for persons with Autism Spectrum Disorder: towards more integration of care in Flanders Eva Cloet, Vrije Universiteit Brussel
594	Biodonostia Health Research Institute-Donostialdea IHO (Integrated Health Organisation): An innovation model Arantza Abad Alba, Biodonostia Health Research Institute
599	"Vive sin tabaco", a mobile application for smoking cessation developed by Osakidetza Naiara Parraza, BIOARABA, Spain
607	Public reporting to facilitate integration of physical and mental care for hospital patients Nazlee Siddiqui, University of Tasmania
637	Ruta de atención al paciente con EPOC: incorporando la visión del paciente a través de ASBIEPOC (Asociación de Bizkaia de pacientes EPOC) Iratxe Regidor
643	Multi-level strategy to promote equity through empowerment and participation Anna Giné March, University of the Basque Country
653	Help me understand what is important to you, co-designing outcome measures that matter to people: A systematic review of the literature Karen Patterson, South Eastern Sydney Local Health District
692	Ageing of elderly in Biscay: Active Ageing Index as a tool to monitor Yolanda González-Rábago, University of the Basque Country
743	Moving towards integrated local policies for health: facilitators and challenges for the implementation of Health in All Policies in the Spanish context Anna Giné, University of the Basque Country, Spain
773	Consumer engagement to maximise the impact of public reporting of hospital performance data in Australia Åsa Engström, Lulea University of Technology
