Advancing Integrated Care in Ireland

Patient Voice in Design of Integrated Care Systems

11th November 2019, 12:00 BST/13:00 CET
#IFICIreland
IFIC is a non-profit members’ network that crosses organisational and professional boundaries to bring people together to advance the science, knowledge and adoption of integrated care policy and practice.

The Foundation seeks to achieve this through the development and exchange of ideas among academics, researchers, managers, clinicians, policy makers and users and carers of services throughout the World.
Aims & Objectives of IFIC Ireland

- Advance the science, knowledge and adoption of integrated care in policy and practice in Ireland and internationally.
- Enable the exchange of ideas among academics, researchers, managers, clinicians, policy makers and users and carers of services.
- Develop the capacity and capability of managers and clinicians to deliver integrated care, including raising awareness of the benefits of integrated care with front line teams, but also senior management and governing boards.
- Facilitate international, regional and local collaborations with established centres including IFIC Scotland and Australia
- Identify international best practice and transferable lessons for the Irish context
- Celebrate what is working in Ireland and how that can be transferred to the international community.
- Work with business partners to improve technology and other innovations that will support the advancement of integrated care and better outcomes for patients and communities.
Advancing Integrated Care in Ireland

- **Collaboration** with IFIC, IFIC Ireland, UCD, HSE and HSCBNI
