Transforming Health and Social Care Services in Ireland:
Delivering Lifelong People-Centred Care
IFIC Ireland in partnership with the International Foundation for Integrated Care (IFIC) and the UCD Centre for Integrated Care and Improvement Studies (UCD CICIS) present “Transforming Health and Social Care in Ireland: Delivering Lifelong People-centred Care” on Wednesday, 6 May 2020 in O’Reilly Hall University College Dublin.

The forum is attended by up to 300 delegates from across Ireland and Northern Ireland and includes Health and Social Care Services Managers, Clinicians and System leads, Academics leading in the field of integrated care, and a wide range of not for profit patient representative organisations and private sector providers of care services.

It is important that those at the forefront of taking integrated care forward across Ireland are enabled to share their experience, success and failures with others. Spread and sustainability can be accelerated if innovators and leaders are supported to work together enabling information and knowledge sharing. This helps to avoid the same mistakes being made, preventing unnecessary duplication of effort while building commitment by enabling leaders to work together in a community of practice.

This year’s forum once again offers that opportunity for mutual learning and will pay particular focus to providing quality care to all of Ireland’s residents from birth to end of life and especially for those who are most vulnerable.

Participation and partnering can occur in several ways. The National Forum on Integrated Care in Ireland provides partners with many opportunities to connect with policy-makers, practitioners and researchers working towards integrated care. Up to 300 national health invested practitioners, academic, researchers and students from across the island of Ireland are expected to participate in the Conference in Dublin in 2020.

In addition to connecting participants with the valuable resources your organisation provides, your support enables community based leaders and students to attend by offsetting travel and registration expenses.

Support from establishments such as yours is critical to the success of the conference. All profit from the Conference will go to IFIC Ireland and The International Foundation for Integrated Care (IFIC), a not-for-profit network that crosses organisational and professional boundaries to bring people together to advance the science, knowledge and adoption of integrated care policy and practice.

SUMMARY

EXHIBITION SPACE

Exhibition space is assigned by the conference organizers with priority given to headline sponsors. Remaining space is assigned on a first come basis. Organisations are free to choose their space once their sponsorship monies are paid in full. Full details of exhibitor set up, delivery and locations of stands will be distributed prior to the conference.

PAYMENT AND CANCELLATION

After the signed contract has been received by the conference organisers an invoice will be issued for a non-refundable payment of 50% of the total amount. The balance of the full payment is payable by 1st of April 2020. All cancellation requests must be submitted in writing. Cancellations received before 1 April 2020 will be required to pay 50% of full payment due. After 1 April 2020, no refunds will be made. IFIC Ireland reserves the right to cancel the exhibition or terminate the contract for any reason at any time upon written notice to the exhibitor. In this event a refund will be made for any rental fees paid by the exhibitor under the contract.

LIABILITY

The organisers accept no responsibility should the conference be cancelled due to force majeure cases. Materials and equipment belonging to exhibitors are their responsibility. The exhibitor is responsible for the safety of all their property onsite at the conference venue. It is advised that the exhibitors carry their own insurance against any risk of loss due to theft/negligence, damage, injury or liability.

Should you have other ideas for sponsoring NFICI20 that are in line with your own organisational strategy we would be more than happy to discuss a bespoke package!
About IFIC Ireland
The core mission of IFIC Ireland is to develop the capacity and capabilities of Ireland in the design and delivery of integrated care. IFIC Ireland seeks to achieve this by providing a platform to develop and exchange ideas and promote activities in the region in keeping with this mission.

The main objectives of IFIC Ireland are to:

► Advance the science, knowledge and adoption of integrated care in policy and practice in Ireland and internationally
► Enable the exchange of ideas among academics, researchers, managers, clinicians, policy makers and users and carers of services
► Develop the capacity and capability of managers and clinicians to deliver integrated care, including raising awareness of the benefits of integrated care with frontline teams, but also senior management and governing boards
► Facilitate international, regional and local collaborations with established centres including IFIC Scotland and Australia
► Identify international best practice and transferable lessons for the Irish context
► Celebrate what is working in Ireland and how that can be transferred to the international community
► Work with business partners to improve technology and other innovations that will support the advancement of integrated care and better outcomes for patients and communities
