

## FUNDACIÓN DOBLE SONRISA

### Special Interest Group Study Day

Apr 4<sup>th</sup> 2019 9.00 – 13.00

San Telmo Museum

Plaza Zuloaga, 1, 20003 San Sebastián, Spain

### Palliative and End of Life Care and Compassionate Communities

#### Purpose

This study day offers members of IFICs Palliative and End of Life Care SIG an opportunity to share their knowledge and experience of Compassionate Communities approaches in different systems. The event will launch a new SIG with a specific focus on Compassionate Communities. This will allow the knowledge exchange activities, previously nested within the Palliative and End of Life Care SIG, to evolve in their own right and engage a wider community of interest. We will continue to maintain close links between both Special Interest Groups.

#### Hosts

The study day will be hosted by the University of Deusto and Fundación Doble Sonrisa, following on from the ICIC19 conference in San Sebastian April 1-3. The event is coordinated by IFIC Scotland on behalf of the Scholl Academic Centre, Isle of Man and with the support of SIG moderators from the Newhealth Foundation and Ardgowan Hospice.

#### Booking

There is no charge for the study day but places are limited with a maximum of 30 participants.

**To secure a place contact Marie Curran, SIG coordinator by February 15<sup>th</sup>.**
