Healthy Communities, Places and Spaces

Knowledge Resource

About the information

The information provided in this document is intended to support the Integrated Care Matters webinar series.

Where possible, we select evidence that is published open access, and provided links to the materials referenced. Some are identified as author repository copies, manuscripts, or other copies, which means the author has made a version of the otherwise paywalled publication available to the public. Other referenced sources are pdfs and websites that are available publicly.

If you found this resource useful and would like to use the free [Evidence Search and Summary Service \(ESSS\)](#) to help you find and use evidence please get in touch to discuss your needs: esss@iriss.org.uk

Developed in partnership

Architecture and Design Scotland (2019) Town Centre Living: A Caring Place Report

https://www.ads.org.uk/a_caring_place_report/

This report sets out the work that was coordinated together with Scotland's Towns Partnership, Open Change and Smith Scott Mullan Associates, to respond and support the Scottish Government's work around Town Centre Living.

Broad R (2015) People, Places, Possibilities

<https://www.centreforwelfare reform.org/uploads/attachment/463/people-places-possibilities.pdf>

This report outlines the developments that have taken place in the field of Local Area Coordination.

Broad R (2012) Local Area Coordination - From Service User to Citizen

<https://www.centreforwelfare reform.org/uploads/attachment/340/local-area-coordination.pdf>

This is an exploration on how Local Area Coordination can support people to pursue their vision for a good life, build

stronger communities and help reform care services in England and Wales

Community Catalysts

<https://www.communitycatalysts.co.uk>

This is a resource for community based health and social care.

Inclusive Neighbourhoods

<http://inclusiveneighbourhoods.co.uk/>

Inclusive Neighbourhoods Ltd established and developed the Local Area Coordination Network, initially as part of Inclusive Neighbourhoods and now as part of Community Catalysts CIC <https://www.communitycatalysts.co.uk> to support the long term development, learning and sustainability of Local Area Coordination in England and Wales.

Inclusive Neighbourhoods - Useful Reading

<http://inclusiveneighbourhoods.co.uk/wp-content/uploads/2017/08/0.-LAC-references-Sept-2017.pdf>

This is a list of useful resources on the topic of Local Area Coordination.

Improvement Service - Planning for Place (n.d.)

<https://www.improvementservice.org.uk/products-and-services/consultancy-and-support/planning-for-place-programme>

The Improvement Service's Planning for Place Programme provides specific support to councils and their partners to collaborate in place-based approaches to joint planning, resourcing and delivery of places that enable all communities to flourish.

Improvement Service - Shaping Places for Wellbeing

<https://www.improvementservice.org.uk/products-and-services/consultancy-and-support/shaping-places-for-wellbeing-programme>

The Shaping Places for Wellbeing Programme is a delivery partnership between the Improvement Service and PHS, funded and supported by the Health Foundation and Scottish Government with support from COSLA. There is a summary, a visual and then under the heading of "more information" a link to a fuller summary of the Programme.

Improvement Service - Place and Wellbeing Outcomes

<https://www.improvementservice.org.uk/products-and-services/consultancy-and-support/planning-for-place-programme/place-and-wellbeing-outcomes>

The Place and Wellbeing Outcomes provide a consistent and comprehensive focus for where place impacts on the wellbeing of people and planet.

Improvement Service - Rapid Scoping Assessments

<https://www.improvementservice.org.uk/products-and-services/consultancy-and-support/planning-for-place-programme/rapid-scoping-assessments>

The Improvement Service in partnership with Public Health Scotland have undertaken three rapid scoping assessments to explore how to apply the National Performance Framework, place and wellbeing outcomes and 20 minute neighbourhood ambitions to different parts of Scotland, looking at a local, council and regional scale.

Mid & East Antrim Agewell Partnership (MEAAP)

www.meaap.co.uk

Mid & East Antrim Agewell Partnership (MEAAP) is a local inter-agency based partnership aimed at improving the lives of Older People aged 50 years and over, living in the Ballymena, Larne & Carrickfergus areas.

MEEAP (2021) - An integrated community development approach to improving the health and wellbeing of older people

<https://www.meaap.co.uk/wp-content/uploads/2021/12/IMPACTAgewell-Sharing-Our-Learning-Year-4-Evaluation-Update.pdf>

This report looks at the data from Year 4 and builds on results from previous years to provide an overview of savings to date.

MEEAP (2020)- An integrated community development approach to improving the health and wellbeing of older people

<https://www.meaap.co.uk/wp-content/uploads/2020/11/IMPACTAgewell-Sharing-Our-Learning-Year-3-Evaluation-Update.pdf>

This is a third year review which provides a strong evidence base for the benefits of supporting a community led integrated care approach.

The Dunhill Medical Trust (2019) An Integrated Community Development Approach to Health and Wellbeing of Older people

<https://dunhillmedical.org.uk/wp-content/uploads/2019/06/19-06-19-IMPACTAgewell-proof-of-concept.pdf>

This presentation gives an overview of this approach.

The Contribution of Volunteering to Scotland's Health & Wellbeing

<https://www.volunteerscotland.net/hwbvol/>

Contains a suite of resources – from designed short documents to detailed, more academic reports.

Volunteer Scotland (2019) The Contribution of Volunteering to Scotland's Health & Wellbeing

https://www.volunteerscotland.net/media/1541976/the_contribution_of_volunteering_to_scotlands_health_and_wellbeing_2020_-_2040.pdf

This report presents wide-ranging evidence on the extraordinary contribution of volunteering in helping to address societal challenges and in improving the health and wellbeing of Scotland's people.
